Kenmore-Town of Tonawanda Reorganization Transition Plan (RTP)
Information Update

This information update is a follow up to the April 30, 2014 RTP information. Since that information release the school district has:

- A. Fixed some school locator issues
- B. Created color coded 2016 school attendance zone maps
- C. Revised the district homepage to clearly indicate the RTP information and letters A and B above
- D. Identified eight unique student transition options or placement caused by the scheduled school closings and to some degree former Jefferson Elementary students who are now in a misaligned “feeder” pattern. As indicated in the April 30, 2014 information release, parents in households affected by these options or placements will receive a direct mailing from the school district indicating the option and time frame in which to make a decision or an upcoming placement. These case by case situations are detailed here along with any pertinent timelines:

Reassigned pods from Jefferson ES

Shaded regions are new PK-4 and K-4 boundaries.

Green labeled pods went to Edison ES and will now be in the Hoover ES boundary.

Yellow went to Edison ES and will now be in Franklin ES.

Black labeled pods remain with schools originally assigned.

The school district will continue to provide you with timely information regarding this RTP as necessary. Major information releases will continue to be posted in our new location on the district home page under "District Reorganization Information."
