

Does your child like snacks and games?

Do You Have a Child Between 6 and 9 Years Old?

The Division of Behavioral Medicine at UB is recruiting children for UB ACES, a research project studying factors that may impact weight change.

You and your child can earn up to \$240 over 3 years!

Your Child Will Be Asked to:

- Participate in 3 lab visits, one home visit, and one visit per year over 2 years.
- Eat foods like cookies and chips, play games and do fun activities!

Join UB ACES!

Fill out this survey to see if your child is eligible!
