

Dear Parent/Guardian,

The Ken-Ton School District is committed to providing the best educational opportunity for your child. After weighing all of the factors, it is our belief that some students will have a better chance for future success if they are given an extended opportunity to master the knowledge and skills needed to advance to the next grade. For the upcoming summer we are excited to be able to offer a skill building program for our current fifth and sixth graders. This program is designed to ensure students are as prepared as possible for success in their next grade level.

Students will work to increase their mastery of grade level standards in Literacy and Numeracy through appropriate hands-on applications and/or programs and coursework that is in alignment with the Common Core Learning Standards.

We believe that your student will benefit from participating in this program. We feel your child will be more likely to experience success at the next grade level after attending summer skill building program.

Please follow the directions below to register your child for summer school. Any student who lives more than .75 miles from Hoover Middle School will be eligible for transportation; please make sure you indicate on your registration that you will be using the district's transportation.

Breakfast will also be made available to students participating in the summer school program.

To register for Summer School...

Please register your child for summer school now by completing the online registration form, which can be found on the summer school website at www.ktufsd.org/summerschool, or returning the attached form to your students home schools' counseling office.

You may refer to the enclosed Ken-Ton Middle Summer School brochure for further information. You may also contact your child's counselor for assistance.

Thank you for your partnership in your child's education.

Sincerely,

Michael B. Haggerty, Principal
