

Do you have a child between the ages of 12 to 14?

The Nutrition and Health Research Lab at UB is recruiting 12-14 year olds for The UB SNAK study. The purpose of the study is to examine food preferences in adolescents.

Your Child Will

- Participate in 5 visits within 6 weeks and follow-up appointments
- Be asked to eat two different snack foods at home (provided by the lab)
- Your child will earn \$15-20 per visit

To Join Our Study:

Call: 716-829-2022

Email: NHRLab@gmail.com

Take the eligibility survey here: <https://www.surveymonkey.com/r/SNAKScreening>
or Google "UB SNAK STUDY"

Refer a Friend for Extra Money!

If you refer a friend to participate in the SNAK study, you and your friend will earn an extra \$15. Your friend must participate in the study to qualify for the bonus.

On their first visit, have your friend tell us you referred them!
