One suggestion for bus riders is to power down before you get off the bus and if you get a ride, before you get out of the car. Thank you for remembering to "Power Down fully" before entering school each day.

The Hoover Environmental Club has an important message:

Did you know that plastic straws are really bad for the ocean? Americans use over 500 million straws EVERY DAY. Most of those straws end up in our oceans where they pollute the water and kill ocean animals. We have set up a straw recycling box in the cafeteria by the pillar in the middle of our lunch room.

Let's keep straws out of the trash and out of the ocean by putting them in our collection box! Please do NOT throw anything other than straws in our box! When you can, drink your beverage without a straw. If you have to use a straw, make sure to dispose of it in our box.

Today's "Name that Tune" song was Ice, Ice Baby by the one and only Vanilla Ice. The winner will be announced when Marco is back!
