

The Kenmore-Tonawanda District will again hold a summer session for students needing intervention in literacy. Each elementary school is able to invite 15 students from each grade level to the summer session. Students will be invited based on student reading level, progress monitoring assessment and teacher recommendation.

This summer, children will explore far off places and unusual creatures as they read engaging, non-fiction text and learn the author's craft needed to write their own book!

When: Monday-Thursday July 8th-August 1st 8:35am-11:35am

Site and Transportation: The Summer session will be held at Holmes Elementary School on Dupont Avenue in the Town of Tonawanda. Transportation will be available for all students on Ken-Ton Busses.

Breakfast: A *FREE* Breakfast will be available to our students during the summer school program. All Students will eat in the cafeteria before the day begins. Snacktime will also be a part of the day.

The summer school session is 16 days long. To increase instructional time and provide a positive classroom climate, we maintain very high expectations for students to follow class procedures and display appropriate behavior.

Invitations for Summer Session for those eligible are issued by school
