

Ken-Ton Big Picture TGIF

One student at a time.

BP internships

Learning through Internships

Students continue to find internships in some of the most amazing places. Here are some of the places our students are currently working at:

Shea's Theater

Buffalo Choppers

Buffalo Barks

Brighton Place Library

Buffalo Signmakers

Guard Contracting

Pastry by Camille

Park Place Installations

Vintage Buffalo Ink

Ken-Ton Closet

Gibbons & Stadler
Law

26 Shirts

Pinewoods Animal
Hospital

Ken-Ton Schools

Trimester 1 Exhibitions Have Started

Students Present to Parents, Faculty, and Classmates

A unique component of Big Picture is the Exhibition. Exhibitions are done by every student in the program, including our youngest students in 8th grade. Each student's parents/guardians are invited in to hear their child present on what they have been learning and working on over the past thirteen weeks. This is no easy task for many students. The Advisors help each student prepare for their Exhibition to ensure success.

A typical Exhibition will include:

- a review of the student's Learning Plan including what credits they are working to earn,
- class (ELA, Math, Science, Social Studies, electives) projects and work they have accomplished,
- internship information,
- independent project presentation.

These student-led conferences provide opportunities to work on public speaking as well as family engagement in the Big Picture program. Students will finish presenting next week as the 1st Trimester comes to a close on Friday.
