

# Ken-Ton Big Picture TGIF

One student at a time.

## Exhibition Fair by the Numbers

- 60 student projects on display.
- Five grades levels participated - Grades 8-12.
- 60 minutes of presentation time to discuss the research done for a project.
- Over 100 guests including parents, grandparents, siblings, friends, faculty, administration and community members!

The Exhibition Fair is an annual event that all Big Picture students are expected to participate in. We are always so proud of the work they have accomplished!

## Exhibition Fair 2019

### Students Present to Parents, Faculty, and Community

Students at the Big Picture Program participate in the Annual Exhibition Fair each spring. The Exhibition Fair centers on each student's Independent Project. Students pick a topic and spend part of the trimester researching that topic. They create a display and present their research to parents, faculty and community members. Over one hundred people came to hear about the exciting projects students have been working on.

This year we had projects ranging from bass guitar to mental health awareness to hunting and fishing! The students take ownership for their learning and publicly display their work for everyone to see. The most impressive part of the Exhibition Fair is when students discuss their research with the people who visit their display. It is truly amazing to watch and listen to the students speak with such knowledge and passion about their project.

Special thanks to our Superintendent, Steve Bovino, for coming to the Exhibition Fair and talking with our students! We truly appreciate the support!
