## Pictures Tell the Tale

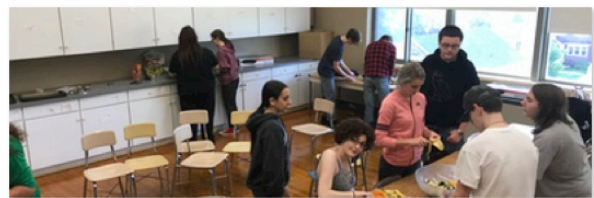

The 201 Advisory went on an overnight trip to Branches of Niagara Campground in Grand Island with their Advisor Karen Monaco, Phys Ed teacher Mat Harris and Internship Coordinator and Social Studies teacher Matt Miller. The pictures above and below show how great the trip was for all that attended! Many thanks to Karen for getting the entire trip funded through a [DonorsChoose.org](https://www.donorschoose.org) campaign which allowed every student to attend the trip at no cost. We are very thankful for the generosity of the donors who helped fund this outstanding event.

Students had opportunities to fish, kayak, swim, play gaga ball and much more at Branches of Niagara Campground. Everyone also made deeper connections during this trip as seen in the photos above and on the next page.

The 401 Advisory decided to make breakfast for our new 001 Advisory last week. The menu included pancakes, bacon, fruit salad and juice all prepared by the 401 students. Students enjoyed the food and had a chance to talk with each other and make new connections. Our thanks go out to Stacey Pritchard, 401 Advisor, and all of the 401 students for making our 001 Advisory feel like part of the Big Picture Family!

One student at a time.
