Agreement for Student Use of Computerized Information Resources

Important Information

Before you sign: Both student and parent/guardian should read this entire agreement and the handout entitled "Policy Regarding Student Use of Computerized Information Resources." The school will retain this signed agreement.

Agreement for Student

In consideration of the privilege of using the Kenmore-Town of Tonawanda Union Free School District's Computer System, I agree that I have been provided with a copy of the District's policy on the student use of computerized information resources. I agree to adhere to the policy, other regulations that may be developed and to any changes or additions adopted by the District. I also agree to adhere to related policies published in the Student Handbook.

I understand that failure to comply with these policies may result in the loss of my access to the District's computer system, and may in addition result in the imposition of discipline under the District's school conduct and discipline policy. I further understand that the District reserves the right to pursue legal action against me if I willfully, maliciously, or unlawfully damage or destroy property of the District. Further, the District may bring suit in civil court against my parents or guardians if I willfully, maliciously, or unlawfully damage or destroy property pursuant to Education Law §1709(36).

Agreement for Parent or Guardian

I am the parent/guardian of _____, the minor student who has signed the District's agreement for student use of computerized information resources. I have been provided with a copy and I have read the District's policy and regulations concerning use of the District's computer system.

I also acknowledge receiving notice that, unlike most traditional instructional or library media materials, the District's computer system will potentially allow my son/daughter student access to external networks not controlled by the school district. I understand that some of the materials available through these external computer networks may be inappropriate and objectionable; however, I acknowledge that it is impossible for the District to screen or review all of the available materials. I accept responsibility to set and convey standards for appropriate and acceptable use to my son/daughter when using the District's computer system or any other electronic media or communications.

I agree to release the Kenmore-Town of Tonawanda Union Free School District, the Board of Education, its agents and employees from any and all claims of any nature arising from my son's/daughter's use of the District's computer system in any manner whatsoever.

I agree that my son/daughter may have access to the District's computer system and I agree that this may include remote access from our home.

Parent or Guardian's Name (please print): _____

Kenmore-Town of Tonawanda Union Free School District

Policy Regarding Student Use of Computerized Information Resources

**Read both sides of this document before
signing the accompanying agreement.**

The Board of Education of the Kenmore-Town of Tonawanda Union Free School District will provide access to various computerized information resources through the District's computer system. We are very pleased to bring this access to our district and believe it offers vast, diverse, and unique resources to both students and teachers. Our goal in providing this service to teachers and students is to promote educational excellence in schools by facilitating sharing, innovation, and communication.

The District's computer system may include access to electronic mail, on-line services, and the Internet. It may also include the opportunity for some students to have independent access to the District's computer system from their home or other remote locations. One purpose of this policy is to provide notice to students, parents, and guardians that, unlike most traditional instructional or library media materials, the District's computer system will allow student access to external computer networks not controlled by the school district where it is impossible for the District to screen or review all of the available materials. Some of the available materials may be deemed unsuitable by parents or guardians for student use or access because it is of little educational value or may contain defamatory, inaccurate, abusive, racially offensive, illegal, or adult-oriented material.

We want to assure you that our Board of Education, Administration, and Staff do not condone the use of such materials and do not permit usage of such materials in the school environment. Every reasonable effort will be made to monitor the usage of the District's computer system; but, despite the existence of guidelines, regulations, and monitoring, it will not be possible to completely prevent access to computerized information that is inappropriate for students.

Furthermore, students may have the ability to access such information through the District's computer system from their home or other off-school premises. Parents and guardians of students must be willing to set and convey standards for appropriate and acceptable use to their children when using the District's computer system or any other electronic media or communications. The District respects

the right of each family to decide whether or not to apply for independent computer access.

Generally, the same standards of acceptable student conduct, which apply to any school activity, shall apply to the use of the District's computer system. **Students who engage in unacceptable use will lose access to the District's computer system and may be subject to further discipline under the District's school conduct and discipline policy.** In addition, some violations may constitute a criminal offense, and the District reserves the right to pursue legal action against a student who willfully, maliciously, or unlawfully damages or destroys property of the District. Further, the District may bring suit in civil court against the parents or guardians of any student who willfully, maliciously, or unlawfully damages or destroys District property pursuant to Education Law §1709(36).

Student data files and other electronic storage areas will be treated like school lockers. This means that such areas shall be considered to be school district property subject to control and inspection. **The System Administrator may access all such files and communications to insure system integrity and that users are complying with the requirements of this policy.**

The Kenmore-Town of Tonawanda Union Free School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. Kenmore Town of Tonawanda Union Free School District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Student use of the District's computer system is conditioned upon written agreement by the student and his/her parents or guardians that student use of the District's computer system will conform to the requirements of this policy and any regulations adopted to insure acceptable use of the District's computer system.

The Superintendent is authorized to establish regulations and procedures as necessary to implement the terms of this policy.
