

2nd Grade Supply List 2019-20

Please follow specific requests. Specific brands/types are requested because they're high quality, and last longer. These items are also usually on sale for a low price during "back-to-school" time. Watch store ads in July, August and September for great deals. (Searching ads is a great job for your child and shopping is a perfect way to practice math skills!) You can often get these supplies much cheaper than even at the dollar stores during these sales! Consider buying extras, while the price is right, for home and to replenish supplies. Pencils may need to be replenished during the year. This is a grade level supply list. Your child's teacher may request additional supplies.

Label items ONLY if indicated below.

- 2 wide-ruled Composition Book (marble type)-LABEL
- plain/solid color folders with pockets, NO fasteners (1 each: red, yellow, green, blue, purple)-LABEL
- 4 large **or** 4+ small glue sticks (**NOT** liquid)
