**\*USDA Extended Free Meals for all Students through December 31, 2020 \***

**Meal Kits are FREE to all Ken-Ton Students**

Franklin Elementary School ~ (back lot)

Meal kits will include all meals for a school week. The first week of school will include four breakfasts and four lunches for each student. Reheating instructions and a menu will be provided for appropriate consumption of meals.

If a family has students that attend different schools, they will pick up all meal kits at a single location. Parents will receive a student meal card for each child enrolled in the Ken-Ton School buildings within their household. This card will have the student's identification number in a barcode format that will be scanned at the pick-up site. This card will need to be presented each week to complete the transaction. There will also be an option to download a mobile barcode app for parents/students phones that can be presented at the meal pick up site. Directions to get the app are posted on the district's website.
