Welcome Back Franklin Families!

My name is Mrs. Farrauto. I am the School Social Worker at Ben Franklin Elementary and Middle School. I am excited about my first year with the Kenton School District and look forward to working together! As I'm new to the district I will be supervised for the first year by a veteran Kenton school social worker, Mrs. Pieczonka, at Edison Elementary. Prior to joining Kenton, I was a school social worker in an early childhood special education program, worked with youth and families in the child welfare system, foster care and adoption, and in a clinical role as a child and family therapist. I have two daughters and a mini golden doodle. In my free time I enjoy spending time with family, cooking, trying new foods, hiking, and traveling.

I am here for you!

As the School Social Worker, I will be working alongside students, families, teachers, therapists, administration, and other supportive staff to deliver social and emotional support services. Some of the services I'll be providing include:

- Supporting the social and emotional needs of all students in the school community
- Individual and small group counseling
- Identifying any barriers that may be hindering the student's education
- Linking families with community resources
- Please don't hesitate to reach out!!!
