

(Temporarily)

Please be advised that our “Open Enrollment” process is under administrative review and may be adjusted. Therefore, we are currently unable to make any commitment to honor your request at this time. We will contact you at a future date if or when the process changes.

You may still obtain an Open Enrollment form only at the Central Registration office or in the Student Services Department. Both are located in the Administration Bldg. at 1500 Colvin Blvd.

We request that you complete this form, requiring your signature, to acknowledge that you have received this notification.

Thank you.
