DISTRICT WIDE SAFETY PLAN

2017 - 2018
TABLE OF CONTENTS

INTRODUCTION

SECTION 1000: GENERAL CONSIDERATIONS

A. Purpose ......................................................................................................................... 1100
B. District-Wide Safety Team Members ........................................................................ 1200
C. Concept of Operations .............................................................................................. 1300
D. Plan Review and Public Comment ............................................................................. 1400

SECTION 2000: GENERAL EMERGENCY RESPONSE PLANNING

A. Identification of Sites of Potential Emergencies ...................................................... 2100 - 2102
B. Plans for Taking the Following Actions in Response to an Emergency Where Appropriate 2200 - 2240
C. District Resources Available for Use During an Emergency ................................. 2300 - 2325
D. Descriptions of Procedures to Coordinate School District Resources and Manpower During Emergencies 2400 - 2410
E. Procedures for Annual Multi-Hazard School Training for Staff and Students 2500
F. Procedures for the Review and Conduct of Drills and Other Exercises to Test the Components of the Plan 2600

SECTION 3000: RESPONDING TO THREATS AND ACTS OF VIOLENCE

A. Policies and Procedures for Responding to Implied By Policy Number or Direct Threats of Violence by Students, Teachers, Visitors and Others 3101 - 3151
B. Standard Operating Procedures for Emergencies ..................................................... 3200 - 3210
C. Policies and Procedures to Contact Parents, Guardians or Persons in Parental Relation in the Event of a Violent Incident or an Early Dismissal
TABLE OF CONTENTS - Continued

SECTION 4000: COMMUNICATION WITH OTHERS

A. Description of the Arrangements for Obtaining Assistance .................................. 4100
   From Emergency Responders and Local Government Agencies
B. Article 2-B of the Executive Law .............................................................................. 4200
C. Non-Public School Information and Procedures to Contact ............................... 4300 - 4305

SECTION 5000: PREVENTION AND INTERVENTION STRATEGIES

A. Policies and Procedures Related to School Building Security .................................. 5100
B. Policies and Procedures for the Dissemination of Informative Materials Regarding the Early Detection of Potentially Violent Behaviors ........................................ 5200
C. Appropriate Prevention and Intervention Strategies .............................................. 5200
D. Strategies for Improving Communication Between Students and Staff and Reporting Potentially Violent Incidents ................................................................. 5300
E. Description of Duties and Required Training of Hall Monitors and Other School Safety Personnel ................................................................. 5400

APPENDICES

Appendix I - Buildings covered by the District Plan
SECTION 1000: GENERAL CONSIDERATIONS and PLANNING GUIDELINES

A. Purpose ......................................................................................................................... 1100

B. Identification of School Teams .................................................................................. 1200

C. Concept of Operations ................................................................................................. 1300

D. Plan Review and Public Comment ............................................................................... 1400
The Safe Schools Against Violence in Education Act (SAVE) was passed by the New York State Legislature and signed into law by Governor Pataki on July 24, 2000. Project SAVE culminates the work of the Task Force on School Violence chaired by Lieutenant Governor Donohue. The Task Force consisted of a broad range of qualified people from all parts of the state including students, parents, teachers, school administrators, law enforcement experts, business leaders, mental health professionals and local elected officials. From its inception in January 1999, the Task Force sought information concerning the best school violence prevention and intervention practices in the state and the nation. Ten public hearings were held throughout the state, providing a rich array of recommendations from local communities about ways to ensure the safety of New York’s students. The Task Force’s final report, Safer Schools for the 21st Century, contained a series of recommendations intended to reduce incidents of violence in schools and strengthen schools’ capacities for responding to emergencies that could affect the health and safety of children.

The New York State Board of Regents approved amendments to the Regulations of the Commissioner of Education as emergency measures in November 2000 to ensure compliance with the new legislation. The revised regulations in Section 155.17 of the Commissioner’s Regulations contain the requirements for schools concerning school safety plans. A major component of SAVE is the development of school safety plans at the district and at the school building levels. At the district level, the new District-Wide School Safety Plan replaces the current school emergency management plan that is required for all districts. At the school building level, a newly required School Building Emergency Response Plan must be prepared for each school building in the state. Together, these plans are intended to provide the means for each school district and all the buildings in the district to respond to acts of violence and other disasters through prevention, intervention, emergency response, and management.
A. PURPOSE

The District-Wide School Safety Plan was developed pursuant to Commissioner’s Regulation 155.17. At the direction of the Kenmore-Tonawanda Union Free School District Board of Education, the Superintendent of the Kenmore-Tonawanda Union Free School District has appointed a District-Wide School Safety Team and charged it with the development and maintenance of the District-Wide School Safety Plan.

The Assistant Superintendent of Finance has been designated as the Chief Emergency Officer and is charged with coordinating communication between staff and first responders, ensuring staff understanding of the district-level safety plan, and ensuring that Building Level plans are updated yearly.
B. DISTRICT-WIDE SAFETY TEAM MEMBERS

The Kenmore-Tonawanda Union Free School District has created a District-Wide School Safety Team consisting of, but not limited to, representatives of the School Board, students, teachers, administrators, parent organizations, school safety personnel and other school personnel.

The Kenmore-Tonawanda District-Wide Safety Team 2017-2018

C. CONCEPT OF OPERATIONS

- The District-Wide School Safety Plan shall be directly linked to the individual Building-Level Emergency Response Plans for each school building. Protocols reflected in the District-Wide School Safety Plan will guide the development and implementation of individual Building-Level Emergency Response Plans.

- In the event of an emergency or violent incident, the initial response to all emergencies at an individual school will be by the School Emergency Response Team.

- Upon the activation of the School Emergency Response Team, the Superintendent of Schools or his/her designee will be notified and, where appropriate, local emergency officials will also be notified.

- Efforts may be supplemented by county and state resources through existing protocols.

- Local emergency officials play an important role in managing response actions in emergency situations. Assistance from these officials is obtained by:
  
  1) Asking for their input in the planning process. If possible, include them as a member of the district-wide and building teams.
  2) Include them in the training of staff and students.
  3) Use their expertise and experience in the conduct of all drills, including tabletop exercises.
  4) Discussing all resources available if Article 2-B is invoked.
D. PLAN REVIEW AND PUBLIC COMMENT

- This plan shall be reviewed and maintained by the District-Wide School Safety Team and reviewed on an annual basis on or before July September 1 of each year.

- Pursuant to Commissioner's Regulation 155.17(e)(3), this plan will be made available for public comment 30 days prior to its adoption. The district-wide and building-level plans may be adopted by the School Board only after at least one public hearing that provides for the participation of school personnel, parents, students and any other interested parties. The plan must be formally adopted by the Board of Education.

- While linked to the District-Wide School Safety Plan, Building-Level Emergency Response Plans shall be confidential and shall not be subject to disclosure under Article 6 of the Public Officers Law or any other provision of law, in accordance with Education Law Section 2801-a.

- Full copies of the District-Wide School Safety Plan and any amendments will be submitted to the New York State Education Department within 30 days of adoption. Updated copies of the Building-Level Emergency Response Plans will be supplied to both local and State Police within 30 days of adoption by October 15th of each year.
SECTION 2000: GENERAL EMERGENCY RESPONSE PLANNING

A. Identification of sites of potential emergency, including:

- The process for identifying the sites, ............................................. 2100 (School Safety Audit Checklist)
- Identification of Sites of Potential Emergencies Guideline ........ 2101
- The location of potential sites ...................................................... 2102

B. Plans for taking the following actions in response to an emergency where appropriate, including but not limited to:

- Emergency closing ........................................................................ 2205
- Early dismissal ............................................................................... 2210
- Evacuation (before, during and after school ......................... 2215
  hours, including security during evacuation and evacuation routes)
- Shelter In Place ............................................................................. 2220
- Lockdown ....................................................................................... 2225
- Lockout .......................................................................................... 2226
- Sheltering sites (internal and external) .................................. 2230
- Agreements ................................................................................ 2235 - 2240

C. The identification of district resources which may be available for use during an emergency, including the identification of personnel and other resources.

- Student/Staff Populations .................................................... 2300 - 2301
- Personnel Resources ............................................................. 2305 - 2310
- Communication Resources, Specifics .................................. 2315 - 2316
- Transportation Resources ...................................................... 2320
- Vehicle Inventory ..................................................................... 2325
D. Description of procedures to coordinate the use of school district resources and manpower during emergencies, including:

- Identification of the officials authorized to make decisions (Chain of Command) .................................................. 2400
- Variations of Emergencies and Chain of Command ................................................................. 2401
- Command Center Location ........................................................................................................... 2402
- Identification of the staff members assigned to provide assistance during emergencies, district, building level ................................................................. 2403 - 2406
- Public Information/Media Notification Plan .................................................................................. 2410

E. Procedures for annual multi-hazard school training for staff and students, including the strategies for implementing training related to multi-hazards .............................................................. 2500

F. Procedures for the review and conduct of drills and other exercises to test components of the emergency response plan, including the use of tabletop exercises, in coordination with local and county emergency responders and preparedness officials .......................................................... 2600

- Tabletop Exercises ......................................................................................................................... 2601
Directions: Use the following checklist to assess the school’s strengths and weaknesses in the Safety and Security of buildings and Grounds. An element may be in place (check Yes) but at a minimal level (check improve). If the element is missing, check No if the school plans to implement this missing criteria or function, check implement.

<table>

</tr>
</tbody>
</table>

**Safety and Security of Buildings and Grounds**

**School Exterior and Play Areas**
- School grounds are fenced. If yes, approximate height _____.
- Gates are secured by good padlock and chains after hours.

**Signage:**
- Drug-free zone signs are posted.
- Bus loading and drop-off zones are clearly defined.
- Parent drop-off and pick-up area is clearly defined.
- There is only one clearly marked and designated entrance for visitors.
- Signs are posted for visitors to report to main office through a designated entrance.
- “Restricted” areas are properly identified.

**Landscaping**
- Shrubs and foliage are trimmed to allow for good line of sight (3’-8’ rule.)
- All poisonous shrubs, trees and foliage have been removed.
- Boundary edges are free from trees and telephone poles.

**School Bus Zone:**
- Access to bus loading area is restricted to other vehicles during loading/unloading.
- Staff are assigned to bus loading drop off areas.

**Lighting**
- There is adequate lighting around the building
- Lighting is provided at entrances and other points of possible intrusion.
- Accessible lenses are protected by some unbreakable material.
- Directional lights are aimed at the building.
- Exterior light fixtures are securely mounted.
## SCHOOL SAFETY AUDIT CHECK LIST

**Safety and Security of Buildings and Grounds**

**School Interior**
- The entrance lobby is visible from the main office
- Visitors are required to sign in
- Proper identification is required of vendors, repairmen, etc.
- Visitors are issued ID cards or badges
- Full and part-time staff, including bus drivers, are issued ID cards or other identification
- Friends, relatives or non-custodial parents are required to have written permission to pick up a student from school
- Students are required to have written permission to leave school during school hours

**Lighting**
- The hallways are properly lighted
- Bathrooms are properly lighted
- Bathrooms are supervised by staff
- Stairwells are properly lighted
- Switches and controls are properly located and protected
- Access to electrical panels is restricted
- The possibility of lower energy consumption and high lighting levels with more efficient light sources has been explored

**Doors**
- Faculty members are required to lock classrooms upon leaving
- Multiple entries to the building are controlled and supervised
- Doors accessing internal courtyards are securely locked
- Mechanical rooms and other hazardous storage areas are kept locked
- The school maintains a record of all maintenance on doors, windows, lockers or other areas of the school

**Signage**
- Exit signs are clearly visible and pointing in the correct direction

A. IDENTIFICATION OF SITES OF POTENTIAL EMERGENCIES

GUIDELINES

When developing a specific list of potential sites for emergencies, at the building level, there are many variables that could serve as a catalyst or provide the environment for an emergency to take place at that site. Sites that have these variables or environment have been considered in the following list:

**ON-SITE**

- various chemical storage areas
- welding/hot work area
- indoor vehicle transportation areas
- compressed gas storage areas
- paint spray booths
- areas of student congregation
- student/teacher/administrator conference area
- swimming pool filter area
- athletic fields
- playground areas

**OFF-SITE**

- major highways (chemical transport)
- airport (flight path)
- railroad
- certain industrial sites (refineries, etc)
- creeks

This list can be used as a guideline to help assist in the development of the building level site of potential emergencies. It may not be all-inclusive.

B. PLANS FOR TAKING THE FOLLOWING ACTIONS IN RESPONSE TO AN EMERGENCY WHERE APPROPRIATE
EMERGENCY CLOSINGS

In the event it is necessary to close school for the day due to inclement weather or other emergency reasons, announcement thereof shall be made over local radio stations designated by the Board of Education.

When school is closed, all related activities, including athletic events and student activities, will ordinarily be suspended for that day and evening.

The attendance of personnel shall be governed by their respective contracts.
EARLY DISMISSAL PROCEDURE

The EARLY DISMISSAL procedure will be implemented in the event of an imminent emergency that requires dismissal of students prior to their normally scheduled release. This would occur at any time of the day after the children are on their way to school, or while school is in session. The order will be given by the Superintendent of the school district.

Specific EARLY DISMISSAL procedures are as follows:

1. Contact each district’s transportation department to provide for go home procedure.
   a. Teachers and students return to homeroom.
   b. Attendance of all students should be taken by teachers.
   c. Names of students not accounted for should be referred to office.
   d. Teachers and students should remain in place until directions for dismissal are given.
   e. Good conduct and discipline standards are to be enforced.
   f. Special considerations should be given to:
      1. Handicapped persons – contact transporting agency
      2. Student drivers dismissed to go home if situation permits
      3. Day care children – notify parents to pick up children

2. Information for reason of early dismissal may be shared with teachers and students as deemed necessary.

3. Information:
   a. Explanation of situation
   b. What is being done
   c. Anticipation of length of time

4. Communication with parents or media as necessary.
EVACUATION PROCEDURES

An Evacuation should take place if it is determined that it is safer outside the building than inside the building (fire, explosion, hazardous material spill) and staff, students and visitors can safely reach the evacuation location without danger. Included are school policies and procedures for on-site and off-site evacuation including evacuation routes, transportation needs, and sheltering sites.

Objective

- Minimize exposure to hazards within the building

Procedure

Communicate the need to evacuate the building or a specific area of the building to the building staff and other occupants by activating the fire alarm or making an announcement over the intercom, Public Address (P.A.) System, or otherwise. The announcement of an Evacuation shall be:

- YOUR ATTENTION PLEASE.
- WE NEED TO EVACUATE THE BUILDING.
- TEACHERS ARE TO TAKE THEIR STUDENTS TO THEIR DESIGNATED ASSEMBLY AREA AND TAKE ATTENDENCE WHEN SAFE TO DO SO.

- Immediately call 911 to give notice that the school has been evacuated.
- Notify appropriate district staff that an evacuation of the school has occurred.
- Communicate changes in evacuation routes if primary routes are unusable.
- Designate staff with assigned radios and/or cell phones to assist in evacuation procedures.

Evacuation – Building Only

- Follow predetermined evacuation routes to exit the building in a quiet and orderly manner.
- Evacuate Students/Staff with special needs per their individual plans.
  - Disabled/wheelchair accessible routes, area of refuge, etc.
- In the event that students find themselves out of the supervision of faculty or staff:
  - Students should exit through nearest exit.
  - Students should report to nearest assembly area and nearest teacher/staff.
- Do not stop for student or staff belongings.
- Take class roster, phone lists, first-aid kit and other emergency supplies with you.
- Check the bathrooms, hallways and common areas for visitors, staff or students while exiting.
- Go to your designated evacuation assembly area.
- Account for all students. Immediately report any missing or injured students to the School Incident Commander.
- **Main office staff:** Take visitor log and student sign out sheet to evacuation assembly area.
- If it is announced that the building evacuation will be “**a controlled evacuation**,” wait for further instructions. These instructions may include which exits to use when evacuating, which ones to avoid, and any other pertinent information that may be shared.

### Designated Evacuation Assembly Areas

<table>
<thead>
<tr>
<th>Building, Wing or Location</th>
<th>Assembly Area</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### Evacuation – Off-Site

In the event that the situation poses a significant enough risk that evacuation of the building and remaining on school grounds is determined to not be adequate, students and staff will be evacuated to an off-site location. The Building Level School Safety Team has determined appropriate off-site evacuation areas prior to an actual incident. Off-site locations should offer adequate protection from the elements and communications abilities.

- Perform all evacuation steps as indicated for a building evacuation.
- Notify all assembly areas to proceed to the offsite location.
- **Method of Travel:** Students will walk to the evacuation site under the supervision of their classroom teacher. Directions:

### Off Site Location

<table>
<thead>

<td></td>
</tr>
</tbody>
</table>
Evacuation Site Instructions

- Once staff and students have reached the evacuation site, all will enter in an orderly fashion and proceed in a manner as instructed by building safety staff or administration.
- Each classroom will remain with their teacher/instructor, and be directed to a specific location by a member of the building safety staff or an administrator.
- Once an entire class is seated and accounted for, the teacher/instructor will take a class count. If all students are present, the teacher will hold up a GREEN CARD labeled "ALL PRESENT." If any student(s) are missing, hold up the RED CARD. This will notify a member of the building safety committee, who will then address that particular teacher/instructor and aid in locating the student(s).
- Once everyone is accounted for, all will remain silent and listen for further instructions from administration.

Return to Buildings or Grounds

No students or staff shall return to school buildings or grounds until advised to do so by the Incident Commander or appropriate officials.

- The Incident Commander will make the decision when it is safe to return to the building.
- In the event that emergency response services (Police, Fire, EMS) are called, the Incident Commander may transfer incident command to the appropriate authority, who will then make the decision to allow students and staff to return to the building or grounds.
- The decision of when it is safe to re-enter the building or re-occupy a section of the school will be communicated by bell system, radio transmission, public address system, designated staff, or other means.
- Parent re-unification procedures will be enacted if students will be dismissed rather than returning to school. Students are not allowed to leave on their own.
A Shelter In Place is used when students and staff are required to remain in their current or a designated location. If there is an internal incident or administrative matter such as students fighting in a hallway, a maintenance issue or medical emergency that requires that student and staff movement be limited, a Shelter In Place may be initiated to keep students and staff out of the affected area until the situation can be rectified. Depending on the threat or hazard, students and staff may be required to move to a safe room or to a weather shelter.

Objectives

- To facilitate emergency responses.
- To establish safe routes and designated areas.
- To locate and contain any device or weather threat.

Procedure

A Shelter-in-Place will be announced by intercom, Public Address (P.A.) System, or otherwise with instructions on how to proceed. The announcement of a Shelter In Place shall be:

- YOUR ATTENTION PLEASE.
- THERE IS A SITUATION REQUIRING YOU TO SHELTER-IN-PLACE.
- PLEASE REMAIN IN YOUR CURRENT LOCATION UNTIL FURTHER NOTICE.
- Provide specific incident instructions as needed.
  - Use clear, concise language to provide direction to the school based on the situation.
  - If there is a situation requiring students and staff to move away from windows and doors (such as a weather emergency), they should be instructed to move to the interior of the room or relocate to an interior hallway or room. Students in temporary classrooms or outside of the main building for any reason should be instructed to move into the main school building.
  - Students in-between classes or outside of their classroom for other reasons should be instructed to return to their class.

- Students in hallways, bathrooms or other common areas will return to their classroom. If the Shelter In Place is announced between class periods, students will return to their previous class to await instructions. If the route is blocked, students will go to the nearest classroom and advise the teacher that they are unable to get to their class and await instructions.
- All staff members will assist in maintaining order and accounting for students. Remain in your current location until further instructions are given or remaining in place compromises safety.
- Current activities may continue, if appropriate.
- Notify all concerned parties when the Shelter-in-Place is lifted.
LOCKDOWN PROCEDURES

A Lockdown is used to secure school buildings and grounds during incidents that pose an immediate threat of violence in or around the school. The primary objective of a lockdown is to quickly ensure all school staff, students and visitors are secured in rooms away from immediate danger. A Lockdown is the initial physical response to provide a time barrier during an active shooter/intruder event. Lockdown is not a stand-alone defensive strategy. Executing a Lockdown should involve barricading the door, hiding from view, remaining silent and readying a plan of evacuation as a last resort.

Objective

- Minimize risk of injury or death
- Buy time for emergency responders

Procedures

Where possible, a Lockdown will be announced by intercom, Public Address (P.A.) System, or otherwise. In events where an immediate threat to life and safety is recognized, ANY faculty or staff shall raise the alarm and initiate a Lockdown. The announcement of a Lockdown must be immediate and deliberate and shall be:

- LOCKDOWN! - LOCKDOWN! - LOCKDOWN!
- Additional information may be provided if time allows.

- Contact 911
- Enact procedures to re-direct buses or visitors.
- IF SAFE, immediately gather students from hallways and areas near your room into classroom or office. This includes common areas and restrooms immediately adjacent to your classroom.
- Lock your door(s) and have students/staff move to the designated safe area of the room, out of view from the door.
- Leave lights on and blinds as they are. Do not cover door windows.
- REMAIN SILENT – Noise may attract the attention of the intruder.
- Teachers should position themselves in a location that gives them an advantage to manage their classroom effectively, and take the following action during a lockdown:
  - Do not allow anyone to enter or leave your secured area.
  - Do not answer or communicate through your door or classroom phone.
  - Do not respond to Public Address (P.A.) system or other announcements.
  - Do not respond to fire alarm unless actual signs of fire are observed. Doing so could compromise the safety of those already secured.
  - Silence cell phones and limit use to only relay pertinent information to 911, (i.e., description/location of active shooter/victim injuries).
  - Document and attend to any injuries to the best of your ability. In the event of a severe injury, replace the GREEN card in the exterior window with your RED card.
  - Take attendance and include additions and missing students’ last known location.
- If an intruder enters the classroom, use WHATEVER means necessary to protect yourself and the students. You must be prepared to fight for your life and use physical force to stop the intruder. Tell students to get out anyway possible – RUN!
- Staff/students participating in any outdoor activity upon the initiation of a lockdown should seek a safe location away from the building. Call 911 and report your situation including location and number of students.

LOCKDOWN WILL ONLY END WHEN YOU ARE PHYSICALLY RELEASED FROM YOUR ROOM OR SECURED AREA BY LAW ENFORCEMENT OR OTHER AUTHORITY.

9/2015
LOCKOUT

A Lockout is used to secure school buildings and grounds during incidents that pose an actual or potential threat outside of the school. The primary objective of a lockout is to quickly ensure all school staff, students, and visitors are secured in the school building away from the outside danger. Normal school day activities may continue as normal except for the termination of all outside activities.

Objectives

- To keep any threat of violence or dangerous incident out of the school building.
- To promote minimal disruption to the education process when there is a potential or actual incident outside the school building.

Procedure

A Lockout will be announced by intercom, Public Address (P.A.) System, or otherwise.

- YOUR ATTENTION PLEASE.
- THERE IS A SITUATION REQUIRING THE SCHOOL TO LOCKOUT.
- ALL OUTDOOR ACTIVITIES ARE CANCELLED UNTIL FURTHER NOTICE.
- INDOOR ACTIVITIES MAY CONTINUE AS SCHEDULED.

- All outdoor activities shall cease and be immediately moved indoors (i.e., gym classes, playground, etc.).
- As soon as all students and staff are in the building all exterior doors shall be closed and locked.
- Building access shall be through a single monitored entrance only.
- Normal activity will continue within the building (unless directed otherwise).
- It is not necessary to turn lights off or to close blinds (unless directed).
- Do not respond to the fire alarm unless actual signs of fire are observed, or an announcement is made.
- Report any suspicious activity observed either indoors or outdoors to the Main Office.
- A lockout will be lifted when notification is made by administration.
IN THE EVENT THAT EVACUATION IS NECESSARY, THE FOLLOWING SITES WILL BE USED: (Confidential as per Building Level Safety Plans)

FACILITIES AGREEMENTS

STATEMENT

Kenmore-Tonawanda Union Free School District has adopted agreements with state, county, and other agencies as appropriate for the use of school district building facilities and vehicles during a period of natural or man-made disaster. Facility Agreements with local public and private agencies for use of their facilities on a short term basis to house staff and students have been arranged.

Arrangements for school building facilities to be used as disaster shelters are coordinated through the Greater Buffalo Chapter, American Red Cross, Department of Emergency Services. These shelter agreements authorize their use of the building facilities for any natural or man-made disaster. The use of the building facilities is not restricted to only school district staff and students, but for any group as the need and location arises.

Notification of facility use will be made by:

1. School requesting the Red Cross to provide sheltering facilities as dictated by the emergency.

2. Local, county or state agency requested the Red Cross to provide sheltering facilities as dictated by the emergency.

The Red Cross will staff the shelter and will supply materials and food as needed. If school district supplies are drawn upon during the time of the disaster, or if the building becomes damaged as a result of use or misuse, then the Red Cross will reimburse the school district.
Kenmore-Tonawanda Union Free School District

AGREEMENT

As a response to a natural or man-made disaster,

__________________________________________

Facility Name

hereby agrees that its facilities located at:

__________________________________________

__________________________________________

may be used as a temporary shelter of students attending one or more schools belonging to the Kenmore-Tonawanda Union Free School District.

In consideration for the granting of such permission, the Kenmore-Tonawanda Union Free School District agrees that the following conditions shall prevail:

a. Notification will be given prior to student arrival.

b. Students will be supervised by district personnel.

c. Transportation will be notified to pick up students as soon as possible at your location.

__________________________________________  ______________________

__________________________________________

Title
COMMUNICATION RECOMMENDATIONS

Within Buildings

1. Use of the public address system by an administrator or his/her delegate to provide information and/or direction to staff and students.
2. If unable to use electricity or public address system failure:
   a. If there is NO time problem, an administrator or designee may walk through the building and inform faculty, staff and students of information and directions.
   b. Use of a personnel delegate to communicate messages from chief administrator in charge to each floor and wing of the building. There should be as few persons as possible responsible to carry messages by word-of-mouth, as the more people used, the greater the chance of students and staff receiving misinformation.
   c. The use of strategically located portable 2-way radios/cellular phones may be used throughout the building to help speed communications and relay information using fewer persons.
   d. Communications may be made easier if students were collected in a centralized location (auditorium, gymnasium, etc.) rather than individual classrooms.

   NOTE: In case of electrical system failure, public telephones may still be operational.

Between Buildings

1. Public Telephone – use a designated extension or private line may be kept clear for emergency information between building administrators or their delegates.
2. Portable 2-way radios may be used for communication if buildings are within range of each other. Cellular phones are another option.
3. Better 2-way radio communication may be made by use of a school bus or other school district vehicle operating on the same frequency.

RECOMMENDATIONS:

1. Each school should have at least two dependable portable radios/cellular phones which have a battery back-up system with extra batteries that may be used in an emergency.
2. Each school should have at least one dependable scanner which can be programmed to emergency information frequencies (weather, police, fire). This scanner should have a battery back-up system with extra batteries.
3. Each school district should have access to a minimum of two (2) cellular phones.

D. CHAIN OF COMMAND

SUPERINTENDENT

EMERGENCY COORDINATOR

ASSISTANT SUPERINTENDENT

BUSINESS ADMINISTRATOR

ALTERNATE TO ASST. SUPT. OF EMERGENCY COORDINATOR

BUILDING PRINCIPAL

ASSISTANT PRINCIPAL

APPOINTED TEACHER IN CHARGE
VARIATIONS OF EMERGENCIES AND CHAIN OF COMMAND

There are three variations of emergencies which may present themselves to a school district:

1. Emergency situation within the school district is managed by the Superintendent, unless authority is shifted to the District Emergency Coordinator.

   In this situation, the Superintendent or Emergency Coordinator is in control, and makes their own decisions to remediate the situation.

2. Emergency incident within the school district which requires the assistance of an outside agency.

   When the Fire Department is called by the school district, then the fire chief or ranking officer is in charge. The school district planning committee should then act as a resource and coordinating agency within the school district.

   When a law enforcement agency is called by the school district, the building administrator remains in charge. However, the law enforcement agency’s recommendations should be fully complied with.

3. Emergency incident at local, county, state or national level where notification of the school district of the emergency is done from outside sources.

   In the event of a large scale emergency, the outside coordinating agency (most likely the county) will be in charge and again the school district emergency coordinator and planning committee will act as a resource and coordinating agency within the school district.
SCHOOL DISTRICT EMERGENCY COMMAND/RESOURCE CENTER

Primary Location: Kenmore-Tonawanda Administration Building
1500 Colvin Blvd.
Buffalo, NY 14223
874-8400

DUTIES OF DISTRICT-WIDE INCIDENT COMMAND AND OPERATIONS STAFF

<table>
<thead>
<tr>
<th>Role</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Incident Commander (IC)</strong></td>
<td>Develop Incident Action Plan (IAP). Has overall responsibility at the incident or event. Sets objectives and priorities based on agency direction.</td>
</tr>
<tr>
<td><strong>Deputy Incident Commander</strong></td>
<td>Supports the Incident Commander in any capacity needed. For long term or large scale incidents, may act as Incident Commander during break periods/rest periods.</td>
</tr>
<tr>
<td><strong>Public Information Officer (PIO)</strong></td>
<td>Is the primary point of contact during an incident. Will work in conjunction with law enforcement and emergency services and public information officer at press briefings. <strong>ALL</strong> media contact will be through this individual.</td>
</tr>
<tr>
<td><strong>Liaison Officer</strong></td>
<td>Will be the agency representative with outside agencies responding to the emergency event. Keeps Incident Commander informed of situation status.</td>
</tr>
<tr>
<td><strong>Operations Officer</strong></td>
<td>Develops tactical organization and directs all resources to carry out the Incident Action Plan (IAP).</td>
</tr>
<tr>
<td><strong>Logistics Officer</strong></td>
<td>Provides resources and all other services needed to support the incident.</td>
</tr>
<tr>
<td><strong>Planning Officer</strong></td>
<td>Develops the Incident Action Plan to accomplish the objectives. Collects and evaluates information, maintains status of assigned resources.</td>
</tr>
<tr>
<td><strong>Finance/Administration</strong></td>
<td>Monitors costs related to the incident/event. Provides accounting, procurement, time recording, cost analysis and overall fiscal guidance for the incident/event.</td>
</tr>
</tbody>

**BUILDING LEVEL RESPONSE TEAM ROLES DEFINED**

<table>
<thead>
<tr>
<th>Role</th>
<th>Responsibilities</th>
</tr>
</thead>
<tbody>
<tr>
<td>Primary Operations Administrator</td>
<td>Building Principal/Desigee</td>
</tr>
<tr>
<td>Communications Liaison</td>
<td>Send and receive messages to and from outside personnel as needed by principal and other listed coordinators.</td>
</tr>
<tr>
<td>Emergency Services Liaison</td>
<td>Meet and coordinate first aid and other medical services.</td>
</tr>
<tr>
<td>Evacuation Site Coordinator</td>
<td>Sending site coordinator who will prepare to release the students to the new location and oversee the operations on this site until the main site is closed down and the Primary Operations Administrator arrives at the alternate site location.</td>
</tr>
<tr>
<td>Parent/Guardian Liaison</td>
<td>Handles all communications with parents and oversee the release of students after all attendance procedures are completed at the alternate site.</td>
</tr>
<tr>
<td>Site Management Attendance Coordinator</td>
<td>Assists in the attendance accounting for all students and adults at the alternate site before the release of any students. He/she will be assisted by the attendance personnel when they arrive from the primary site.</td>
</tr>
<tr>
<td>Transportation Coordinator(s)</td>
<td>Will receive and direct the buses when they enter the primary site to remove the students to the alternate site. The bus numbers and designations will be communicated to the primary site office or its alternate location for announcement to the teachers for dismissal and loading.</td>
</tr>
<tr>
<td>Mechanical Services Liaison</td>
<td>Assists the emergency services personnel locate key information and gain access to all parts of the primary site. He/she will secure the site after all intended personnel are relocated off the primary site.</td>
</tr>
<tr>
<td>Off-Site Emergency Coordinator(s)</td>
<td>Arrive at the alternate site before the arrival of the students and prepare the site for their arrival. Identify key areas which need to be opened and made ready. Make provisions for the other key personnel who will assist in the accounting and communication duties required to care for and later release the students to their parents. They will remain in charge of the alternate site until the arrival of the Primary Operations Administrator or the Evacuation Site Coordinator at which time they will support these personnel in their duties.</td>
</tr>
<tr>
<td>Other Personnel</td>
<td>Will assist in the accounting process and maintenance of order.</td>
</tr>
</tbody>
</table>
PUBLIC INFORMATION/
MEDIA NOTIFICATION PLAN

As media personnel arrive to cover a story, they should be directed to a media staging/reception area and should not be allowed to interview students without expressed permission.

**Media Site Selection**

Several factors should be considered when selecting a site to which the media can go and from which information will be dispensed:

**Physical Space:** Select a room or area that will accommodate a media conference attended by several news agencies and school support staff.

**Containment:** Ensure the site does not permit access by the media to the Command Post or student population.

**Necessary Accommodations:** Choose a location that permits direct access to rest rooms and telephones and has sufficient electrical outlets and space for equipment.

**Dissemination of Information**

The Superintendent of Schools, or designee, will act as the Public Information Officer (P.I.O.) or Media Coordinator to work with the media during a crisis. The individual assigned this duty assumes responsibility for organizing the details.

During the crisis the Public Information Officer, P.I.O/Media Coordinator should greet reporters, direct them to the media staging area where they will be provided a news conference or press release.
Recommended Policy

The School District Superintendent will assign the P.I.O. or Media Coordinator for the district. If there is a police or emergency service presence, release of information will be coordinated with the information officers from those agencies.

The P.I.O. for police, emergency services, and the school district will act as liaison to the media and coordinate press conferences and media deadlines.

Confidentiality and privacy issues regarding the identity of juveniles, staff members, and their involvement in a particular situation must be monitored very closely to prevent unauthorized disclosure of information.

The school district, police, and emergency services have an obligation to keep the media aware of significant developments as long as the investigation, actions, and/or locations are not compromised or parents/spouses are not unnecessarily alarmed.

Announcing to the media that only one person will be releasing information usually will prevent attempts to obtain information by circumventing the authorized channels.

If an arrest results from the situation, the police agency should coordinate this announcement through the school district spokesman and school superintendent so necessary steps can be taken by the school to prepare the faculty, students, and parents.

Tips for the P.I.O.

Ensure all media inquiries are routed to one person or office.

Prepare an official statement about the crisis and action being taken. Include information to answer the basic who, what, when, where, why, and how questions.

Do not reveal names of students or employees involved in the incident, without prior approval from the responding police, emergency services, and the school’s legal department.

When responding to the media, use the prepared official statement as your guide.

Distribute the prepared statements to teachers, staff, and students, and ensure that they are given accurate and consistent information.
P.I.O. Guidelines

Be brief.

Avoid providing superfluous information or using professional jargon.

Do not appear to be concerned mainly about the schools reputation.

Anticipate questions, especially on potentially controversial issues.

Keep calm. Show sensitivity to the seriousness of the matter, but do not overreact.

Answer one question at a time and answer only the question that is asked.

Do not treat anything as “off the record.”

As official spokesperson, do not hesitate to say, “I don’t know” or “I will have to get back to you.”

Do not reply “no comment.” This infers that information is being withheld.

Ignore abrasive comments made by reporters and maintain a professional attitude.

Provide updates to the media as events unfold, even after the initial crisis is handled.

Remember to follow up when information is available; bear in mind that the public has a right to know and understand what has happened.
E
E. PROCEDURES FOR ANNUAL MULTI-HAZARD SCHOOL TRAINING FOR STAFF AND STUDENTS

The Kenmore-Tonawanda Union Free School District will ensure that Annual Multi-Hazard Training is made available to staff and students. The annual submission to NYSED of the school district’s PDP (Professional Development Plan) will include allocated training blocks for anti-violence and multi-hazard training. Students and staff members will receive written information at the beginning of the regular school year summarizing the schools basic hazard plans and the availability of additional information and participation for those who desire. The Kenmore-Tonawanda Union Free School District will work cooperatively with emergency management and law enforcement officials to ensure training is effective and appropriate, as well as consistent with local municipal disaster plans.
F. PROCEDURES FOR THE REVIEW AND CONDUCT OF DRILLS AND OTHER EXERCISES TO TEST THE COMPONENTS OF THE PLAN.

The Kenmore-Tonawanda Union Free School District, in coordination with local and county emergency responders, will conduct and review drills, such as tabletops, that are components of the Comprehensive District Wide Multi-Hazard Plan. The Kenmore-Tonawanda Union Free School District will annually prioritize and schedule drills in conjunction with local and county officials. At the completion of any scheduled drill, the Kenmore-Tonawanda Union Free School District and local and county emergency responders will conduct an after action review of the sequence of events, and will update the Multi-Hazard Plan to reflect lessons learned.
TABLETOP EXERCISES

What are they?

An activity in which key staff members are presented with simulated emergency situations without time constraints. Key staff should include school personnel, local and county emergency officials.

The exercise should be:

1. informal
2. carried out in a conference room environment
3. designed to elicit constructive discussion by participants as they attempt to examine and then resolve problems based on existing plans
4. beneficial for participants to evaluate plans and procedures and to resolve questions of coordination and assignment of responsibilities in a non-threatening format with minimum stress.

The Process

The tabletop, in its simplest form, begins with a simulated event that is usually described in a narrative.

The Purpose

To create for the players an “emergency” scene to which they will respond. Response is made to a set of problems related to the emergency scene.

Discussion

Takes place among the participants to solve the problems presented using the resources available to them.

Deliberate Attempt

To examine basic emergency planning and resource allocation problems without concerns for:

1. time pressures
2. stress
3. actual simulation of specific events
4. the ability to discuss decisions in depth with an emphasis on slow-paced problem solving rather than rapid, spontaneous decision making.
SECTION 3000: RESPONDING TO THREATS AND ACTS OF VIOLENCE

A. Policies and procedures for responding to implied or direct threats of violence by students, teachers, other school personnel and visitors to the school

- Delayed Plan ..................................................................... 3210
- Early Dismissal Plan .......................................................... 3210
## Response Action:

1. Upon discovery or detection of an electrical system failure:
   a. Sound fire alarm if there is any question as to the safety of the building occupants
   b. Notify head of Building Maintenance
   c. Notify Supt. of Buildings & Grounds or Director of Facilities

2. Notify Building Administrator

3. Evaluate problem insofar as possible

4. Notify Superintendent

5. Curtail or cease building operations, as appropriate:
   a. Shelter in Place
   b. Early Dismissal
   c. Evacuate
   d. Resume Normal Activity
   e. Make proper notifications

6. Evaluate problem and commence appropriate remedial action

7. Termination of Contingency:
   Notify staff, parents and students

## Person(s) Responsible

1. First person on the scene.

2. Head of Building Maintenance

3. Supt. of Buildings & Grounds, or Director of Facilities

4. Building Administrator

5. Building Administrator

6. Supt. of Buildings & Grounds or Director of Facilities

7. Superintendent

Comments:
**Response Action:**

1. Upon discovery or detection of a gas leak notify Head of Building Maintenance

2. Evaluate the problem insofar as possible shut off gas supply if prudent and wise

3. Notify Superintendent of Buildings and Grounds or Director of Facilities

4. Notify Building Administrator

5. Notify Superintendent

6. Curtail or cease building operations as appropriate:
   a. Shelter in Place
   b. Early Dismissal
   c. Evacuate
   d. Resume Normal Activity
   e. Make proper notifications

7. Evaluate problem and commence appropriate remedial action

8. Termination of Contingency:
   Notify staff, parents and students

**Person(s) Responsible**

1. First person on the scene

2. Head of Building Maintenance

3. Head of Building Maintenance

4. Supt. of Buildings & Grounds or Director of Facilities

5. Building Administrator

Response Action:

1. Relocate Education Program(s) displaced by an emergency which renders all or parts of a building unusable for school

2. Establish remedial response, as appropriate for the day incident occurred
   a. Shelter in Place
   b. Early Dismissal
   c. Evacuate
   d. Resume normal activity

3. Revise pupil transportation system as necessary

4. Notify school districts of any changes

5. Notify staff, parents, and students

6. Recovery
   a. Assess damage, cause, effect, remediation
   b. Cleanup; following insurance company concurrence
   c. Ascertaining insurance settlement, if any
   d. Develop architectural/engineering solutions as needed
   e. Develop instructions to contractors - plans and specifications; bid procedures; if not a formally declared emergency
   f. Progress with work in accordance with procedures for any public capital project.

Person(s) Responsible:

1. Building Administrator, Superintendent

2. Building Administrator Superintendent

3. Superintendent, Building Administrator, Transportation Supervisor

4. Superintendent

5. Superintendent

6. Board of Education Superintendent; Director of Facilities or Supt. of Buildings & Grounds; Business Official

_________________________________________________________________________
**Purpose**

The purpose of this annex is to ensure that there are procedures in place to protect students/staff and school property in the event of a CO alarm.

**Scope**

The annex outlines responsibilities and duties, as well as procedures for staff responding to a CO alarm.

**Core Functions**

In the event of a CO alarm, schools will activate the Emergency Response Team and contact the local Fire Department for their assistance. Practiced procedures will be put in to action to alert and protect students and staff.

Precautionary measures are outlined below to keep school personnel and students from undue exposure to danger. Efforts should be made to remain calm to keep students and staff safe.

**Functional Annexes That May Be Activated**

Functional Annexes that may be activated in the event of a CO alarm may include the following:

- Shelter-in-Place
- Evacuation
- Early Dismissal
- Accounting For All Persons
- Reunification
- Community Notification Plan
- Media Plan

**Activating the Emergency Response Plan**

All CO alarms are monitored by the district alarm monitoring service. In the event of a CO alarm, they will promptly notify the Fire Department and building staff according to the designated notification list. The Incident Commander shall implement the procedures specified in this annex as appropriate.

**Incident Commander Actions**

- Activate the Emergency Response Team and establish a command post. Notify the Building Custodian, Supervisor of Buildings & Grounds, Superintendent and call 911.
- Activate the Shelter In Place Plan. Relocate affected section(s) of the building to alternate areas of the building not affected by the alarm. Use the PA system to provide instruction to staff and students.
- In consultation with Fire and District personnel, determine whether to evacuate the building. Relocate the command post outdoors if necessary. Do not use the fire alarm system for evacuation notification.
- In consultation with Fire and District personnel, determine whether to implement the Early Dismissal Plan.
- Activate the Accounting For All Persons Plan.
- In consultation with Fire and District personnel, determine and execute appropriate corrective action measures.
- Resume normal operations when safe to do so.
- Implement the Reunification Annex and District Recovery Plan, if necessary.

**Staff Actions**

- Implement the appropriate response procedures to keep students safe.
- When safe to do so and instructed by the Incident Commander, implement Accounting for All Persons and Reunification Annexes.

**Building Custodian**

- Evaluate the problem.
- Shut off the affected unit.

**Supervisor of Buildings and Grounds**

- Evaluate the problem.
- Commence appropriate corrective action measures.

**Superintendent**

- Implement Community Notification and Media Plans, if necessary.

________________________________________________________________________
Response Action:  

1. Monitor the closeness and intensity of the storm  

2. Curtail all outdoor activities if conditions warrant  

3. Summon all persons into building(s)  

4. Termination of contingency  

Person(s) Responsible:  

1. Building Administrator  

2. Building Administrator  

3. Building Administrator; teachers  

4. Building Administrator

Comments:

__________________________________________________________________________

__________________________________________________________________________

__________________________________________________________________________
Response Action:  
1. Monitor any weather bureau tornado watch/warning
2. If tornado is imminent, curtail all outdoor activities
3. Summon all persons into building(s)
4. If tornado is sighted in vicinity of school, institute "Take Cover" plan.
5. Termination of contingency
6. Recovery: if building is damaged, refer to contingency plans for System Failures
   a. Shelter in Place
   b. Early Dismissal
   c. Evacuate
   d. Resume normal activity

Person(s) Responsible:
1. Building Administrator, Superintendent
2. Building Administrators
3. Building Administrators
4. Building Administrators; teachers
5. Building Administrator
6. Superintendent
7. Superintendent

Comments:
1. In the event of imminent danger due to a natural or man made disaster, the facility will be notified by phone or intercom. Staff and students will be notified to take cover.

2. Staff and students should be directed to the designated shelter areas. These could include: basements and hallways on the ground floor that are not parallel to the tornado’s path, which is usually from the southwest.

3. **Never** use gymnasium, auditorium, or other rooms with wide, free-span roofs.

4. Teachers and students **should know** their designated shelter areas.

5. Children in school rooms of weak construction, such as portable or temporary classrooms, should be escorted to sturdier buildings or to predetermined ditches, culverts, or ravines.

6. When staff and students are assembled in school basements, interior hallways or ditches, culverts or ravines they should assume the proper position. This position is everybody down; crouch on elbows and knees; and hands over back of head.

7. School Bus Drivers should be instructed to use the procedures stated in #5 and #6. If their bus is caught in the open and a tornado is approaching. They should be far enough away so the bus does not topple on them.

8. Make proper notifications
   8. Superintendent, Building Administrator

Comments:
B. CIVIL DISTURBANCES
BOMB THREAT GUIDELINES

General

- A bomb threat, even if later determined to be a hoax, is a criminal action. No bomb threat should be treated as a hoax when it is first received.
- The decision whether or not to evacuate is dependent upon information received in the threat, and how credible that information is.
- Two alternatives to evacuation are compartmentalization and pre-clearance.

  - Compartmentalization relies on students remaining in their present locations while school administration and authorities assess and investigate the threat. Variations of compartmentalization – such as moving certain segments of the school population based upon new or developing information – can also be utilized in an effective response.

  - Pre-clearance relies on anticipating a threat, and conducting pre-clearance and security screening. (see page 3).

Receiving Bomb Threats

Written Threats

- Contact Police (911)
- Anyone receiving a written bomb threat must immediately notify the school building administrator.
- Handling of written bomb threat should be kept to an absolute minimum, since it may be used as evidence in a criminal investigation.
- Fingerprints may be taken from the note to help determine its source.
- A threat written on a bathroom wall, mirror, or stall should not be removed until it is viewed or documented (photographed) by law enforcement.

Telephone or Other Verbal Threats

- Contact Police (911)
- Anyone receiving a written bomb threat must immediately notify the school building administrator.
- The NYSP Bomb Threat Instruction Card should be placed next to telephones that are most likely to receive such calls.
- The bomb threat caller is the best source of information about a possible bomb.
- It is desirable that more than one person listens in on the call.
- Persons likely to receive a threatening call (switchboard) should receive special training and have a list of emergency agency telephone numbers available, as well as the telephone numbers of school officials to be immediately contacted.
BOMB THREAT GUIDELINES (Con’t.)

- If possible, the telephone threat should be taped.
- Caller identification or other types of tracing devices should be considered.

Information to be asked of the caller includes:

- Where is the bomb located?
- When will the bomb go off?
- What does the bomb look like?
- What kind of explosive is involved?
- Why was the bomb placed?
- What is your name? (The caller may be caught off guard and give you his or her name).

- Also note: time of call; language used by caller; gender; approximate age; speech characteristic (slow, fast, soft, disguised, intoxicated); noticeable background noise (music, motors running, street traffic).

Suspicious Packages

- Contact Police (911).
- Anyone receiving a suspicious package must immediately notify the school building administrator.
- Mail bombs can be contained in letters, books, and parcels of varying sizes, shapes, and colors.
- Letter bombs may feel rigid, appear uneven or lopsided, or are bulkier than normal.
- The container is irregularly shaped, asymmetrical, and has soft spots and bulges.
- There may be oil stains on the wrapper. The wrapper may emit a peculiar odor.
- The package may be unprofessionally wrapped and be endorsed with phrases such as “Fragile – Handle with Care,” “Rush – Do Not Delay,” “To Be Opened in the Privacy of___,” “Prize Enclosed,” or “Your Lucky Day is Here.”
- There may be cut and paste lettering on the address label.
- The package may have not postage or non-cancelled postage.
- The package may exhibit protruding wires, foil, string, or tape.
- The package may emit a buzzing or ticking noise.
- A suspect letter or package may arrive immediately before or after a telephone call from an unknown person asking if the item was received.
BOMB THREAT GUIDELINES (Con’t.)

- Do not open or squeeze the envelope or package.
- Do not pull or release any wire, string, or hook.
- Do not turn or shake the letter or package.
- Do not put the letter or package in water or near heat.
- Do not touch the letter or package, thereby compromising fingerprint evidence.
- Do move people away from the suspected envelope or package.
- Do notify the state and/or local police (911).
- Do activate your emergency plan for dealing with bombs.

Investigating Bomb Threats

- Appropriate law enforcement agencies must be notified.
- Be aware of availability and limitations of specialized emergency services-including bomb squads, hazardous materials management, county, and state emergency management agencies.
- Be aware that law enforcement agencies generally do not initially send out bomb sniffing dogs.
- Bomb sniffing dogs have a limited time of efficiency so that their use is carefully considered.
- The school district administrator makes the decision regarding evacuation, continuation, or dismissal of school — first responders can assist and consult with them to make their decision (joint decision making – unified command).
- Police may enlist the assistance of the school faculty/staff who are familiar with the building and can recognize objects that do not belong or are out of place.
- Scanning does not involve touching or handling a suspect object.
- Once the incident has been resolved and no longer poses a danger, a full threat assessment inquiry should be conducted on the person making the threat if one is identified.

PRE-CLEARANCE AND SECURITY SCREENING IN LIEU OF EVACUATION (DURING TESTING)

- It is strongly recommended that school officials carefully coordinate this option in cooperation with local law enforcement officials.
- This option may only be implemented prior to the receipt of an actual bomb threat, and
- Only after building and grounds have been “cleared” at the start of the day and continually monitored throughout the day.
BOMB THREAT GUIDELINES (Con’t.)

- This option may be appropriate when a school reasonably anticipates the receipt of a bomb threat or if there is a particular concern over the possibility of a bomb threat. (During the administration of Regents examinations or during other school-wide events).

School Employee Involvement

- Schools may form teams of volunteers from administration, faculty, and staff to assist in sweeping a building or grounds for anything that looks out of place.
- Prior to an incident, school officials should make certain that people who volunteer in the school building, such as parents or other community members, are trained and aware of their responsibilities.
- School employees who volunteer or by job duty are assigned to assist, should have access to building keys, floor plans, and information about shut-off valves for heat, electricity, water, and ventilation (HVAC).

School Bomb Threat Reporting Form

In 1999, the Office of Facilities Planning started collecting data on school bomb threats via a reporting form included in the February 1999 school bomb threat guidance document issued by the State Education Department and the State Police. This process predated the Uniform Violent Incident Reporting (UVIR) process mandated by Project SAVE – which also includes school bomb threat data.

Since the UVIR system is now operational, please note that we are no longer accepting the 1999 bomb threat reporting form. Please report all bomb threat data annually on the UVIR. This will eliminate duplicate work by both school and SED staff. For additional guidance on the UVIR, please see: http://www.emsc.nysed.gov/sss/SAVE/
QUESTIONS TO ASK:

1. When is bomb going to explode?
2. Where is it right now?
3. What does it look like?
4. What kind of bomb is it?
5. What will cause it to explode?
6. Did you place the bomb?
7. Why?
8. What is your address?
9. What is your name?

EXACT WORDING OF THE THREAT:

REMARKS:

Report call immediately to:

Phone Number:_________________________

--------------------------------------------

Date: __________
Name:_____________________________
Position:___________________________
Phone Number:_______________________
Response Action: Upon notification of a Biological Release by telephone:

1. The person receiving the call should gather as much information as possible by using the supplied “Telephone Threat Form.”
2. Upon completion of the telephone threat, the person receiving the call should attempt to immediately trace the call.
3. Contact the building principal, if this happens in Central Office contact the Superintendent by telephone.
4. Call 911. Be specific in reporting the incident, location, how many are affected and where to meet.
5. Notify Buildings & Grounds to shut down the HVAC units throughout the building.
6. Secure the building, do not allow entrance or exit from the building. Students and staff participating in outdoor activities should remain outdoors or take refuge in another building.
7. Activate the Hold In Place and Secure/Lockdown plan. Curtail the following until an assessment is made by police, fire and local disaster coordinator:
   a. Free movement throughout the building
   b. Food preparation and distribution
   c. Let staff and students know of the situation and how often they will be updated
8. Upon arrival of the police, fire and local disaster coordinator the incident will be assessed and further action could be taken upon assessment.
9. If the incident is ruled to be a false alarm, a note telling parents of the details could be processed and sent home for the parents to read.
10. If the incident escalates, arrangements should be made for the following:
   1. Staging area for parents/guardians coming to the building to pick up their child/children. Children will not be released until the incident is brought to closure, therefore this area would be used to communicate with and calm parent/guardians.
   2. Staging area for the media. Timely reports given to avoid inaccurate information.
11. Implement appropriate plan
   a) Resume normal activity
   b) Early dismissal

2. Notify Building Administrator
3. Activate Hold in Place and Secure/Lockdown Plan
4. Notify the local police and follow their instructions.
5. Notify Superintendent
6. Notify parents or spouse of hostage(s)
7. Termination of emergency
8. Make proper notifications

**Person(s) Responsible:**

1. First person on scene
2. First person on scene
3. Principal
4. Building Administrator
5. Building Administrator
6. Superintendent
7. Police, Building Administrator
8. Superintendent

Comments:
Response Action:  

1. Identify intruder  
2. Notify Building Administrator  
3. Activate the Lockdown Plan  
4. Confront intruder, if prudent and wise  
5. Escort intruder out of the building. Record make, color and license plate number of vehicle  
6. If intruder refuses to leave, maintain surveillance. If the intruder does leave but circumstances lead you to expect trouble, summon the local police.  
7. Advise police of situation and follow their instructions  
8. Notify Superintendent  
9. Notify staff and students of incident  
10. Termination of Contingency  

Person(s) Responsible:  

1. First person on scene  
2. First person on scene  
3. Principal  
4. Building Administrator

New York State Police Threat Assessment Model, (2007)

Threat reported to principal

Assemble school threat assessment team
- Conduct threat assessment – assign a central point of contact
- Include School Resource Officer (SRO) if one exists, otherwise consult law enforcement
- Immediately ask “How much time do we have?”
- Decide how to handle a “student of concern” pending the outcome of the threat assessment (should allegations be unfounded)
- Revisit/revise threat assessment plan if necessary

Evaluate threat
- Utilize an “integrated systems approach” relying on information from all who have interaction with the student
- Consider facts that drew your attention to the student, situation, and target - obtain first-hand, specific accounts of the threat by interviewing recipients, witnesses, and student who made the threat - document/photograph/record all
- Establish/maintain contact with the student
- Obtain/consider information about the student - identifiers, background information, current life situation and circumstances
- Consider the circumstances in which the threat was made, student’s intentions, motives, and target selection
- Base your threat assessment upon facts, rather than characteristics or “traits”

Decide whether threat is clearly transient or substantive
- Is there information to suggest that this student is on the path to an attack?
- Has any pre-attack behavior been identified?
- Is the student engaging in behavior that indicates furthering a plan or building capacity for a violent attack?
- Consider whether the student poses a threat, or simply made a threat
- Has the student broken a law? → Contact law enforcement

Threat is clearly transient

Respond to transient threat
- School discipline, parent notification, and counseling

Threat is substantive or threat meaning is unclear

Decide whether substantive threat is plausible or imminent

Plausible
- Respond to plausible threat
  - Take immediate precautions to protect potential victims
  - If threat involves a possible crime contact law enforcement
  - Notify potential victim, and victim’s parents/guardians (if victim is a student)
  - Notify “student of concern’s” parents/guardians
  - Connect student to services and support systems
  - Discipline student as appropriate

Imminent
- Respond to imminent threat
  - Immediately contact law enforcement
  - Take immediate precautions to protect potential victims
  - Execute appropriate emergency response (lockdown, lockout, shelter-in-place) if necessary
  - Notify “student of concern’s” parents/guardians
  - Initiate mental health evaluation procedures
  - Discipline student as appropriate
  - Be cognizant of items of an evidentiary nature that may be needed in a possible criminal prosecution

New York State Police Model for Student Threat Assessment, (2007)
B. MEDICAL EMERGENCIES
Response Action:  
1. Summon help or request someone call for help  
2. Identify the stricken person  
3. Protect the injured or ill person from further injury  
4. Comfort the victim and administer first aid, if necessary  
5. Access the need for further medical attention  
6. Notify Building Administrator  
7. Notify parent or guardian  

Person(s) Responsible:  
1. First person on scene  
2. First person on scene, trained medical personnel  
3. First person on scene, trained medical personnel  
4. Trained medical personnel  
5. Trained medical personnel  
6. Trained medical personnel  
7. Building Administrator  

RECOMMENDATIONS:
In each case, the guiding principles are to provide appropriate emergency care until competent medical or parental care is secured. Emergency care is not authorized beyond proper first aid. First aid is treatment such as will protect the life and comfort of the victim until authorized medical treatment is available or, in the case of a student, until the child is placed under the care of the parent or guardian.

Signed instructions for emergencies from parents, guardians and from school personnel should be on file in the school medical office and the school main office. These signed statements should include the name and age of the person (pupil or employee) name, address and telephone number where one or both parents may be reached at home and at work; name, address and telephone number of another person who has agreed to care for the child if the parent cannot be reached; name, address and telephone number of the family physician (or Christian Science practitioner), family dentist, and preferred hospital; written authorization from the parent for school personnel to call the physician or hospital in serious emergencies when the parent cannot be reached; religion of the victim; and any special condition which should require special handling.

A list of all students and staff having special medical problems such as hypersensitivity to allergens, diabetes, epilepsy, etc.

**C. PARENT(S)/SPOUSE(S) NOTIFICATION AND RECEPTION CENTER NOTIFICATION PLAN**

Utilize telephone lists or television and radio media to notify parents and spouses of an emergency involving an occupied school facility.

Designate a reception center at a location away from the incident. Provide this information during the notification process.

Several factors should be considered when selecting a reception center. They are as follows:

<table>
<thead>
<tr>
<th>Physical Space:</th>
<th>Select a site that will accommodate a large influx of people to include parents and/or spouses and district representatives.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Containment:</td>
<td>Ensure that the site does not permit access by the media and is isolated from the Incident Command Post (I.C.P.), Emergency Operation Center (E.O.C.), and student body.</td>
</tr>
<tr>
<td>Necessary</td>
<td>Select a location that permits direct access to rest rooms and telephones and allows for the serving of refreshments. Several rooms should be made available for grieving family members and counseling sessions.</td>
</tr>
<tr>
<td>Support Personnel/Agencies:</td>
<td>If the situation warrants, station counselors, members of the clergy, medical personnel and Critical Incident Stress Debriefing Team at the reception center. A law enforcement/emergency services representative should be at the site also.</td>
</tr>
<tr>
<td>Dissemination of Information:</td>
<td>The Superintendent of Schools should assign, in advance, a staff member as the liaison/information specialist to work with the parents/spouses during a crisis. The individual assigned this duty must assume responsibility for arranging the details and providing accurate, up-to-date information regarding the incident.</td>
</tr>
</tbody>
</table>
Dear Parents/Guardians:

Due to recent events which have occurred in schools throughout the country, our school district has placed renewed efforts and priority on helping to ensure a safe and secure school environment for our students and staff, and to implement measures to prevent school violence.

We are asking your cooperation in helping us address the issue of violence in our schools. It is only through cooperation with the home that the schools can be successful in implementing appropriate standards of student behavior.

Attached to this letter is a copy of our School District Policy addressing Threats of Violence in the School. We have also enclosed for your review a copy of a summary of the Code of Conduct for the Maintenance of Order on School Property which provides a list of sample proscribed activities (which is not intended to be exhaustive), as well as the range of disciplinary actions which may be taken. The complete Code of Conduct shall be available upon request.

Effective immediately, if your child threatens violence against others, whether staff and/or students, or makes threats involving the school or school buildings, he/she will face immediate disciplinary action as well as possible referral to local law enforcement agencies.

Additionally, the school district retains the right to seek restitution for any costs or damages incurred as a result of a student’s actions and/or threats, such as the evacuation of the school building.

We are requesting that you discuss with your child the importance of his/her cooperation in reporting threats of violence against others, suicide threats, or threats involving the school building by calling the school hotline or reporting the threat to faculty members or the building principal.

Please discuss the attached Policy and Code of Conduct summary with your child, and sign and return the bottom portion of this form to the classroom teachers within the next seven (7) days.

Sincerely,

__________________________________
(Principal)

Please detach and have your child return to his/her classroom teacher.

My child, ____________________________, and I have read, discussed and understand the Policy addressing Threats of Violence in the School and the Code of Conduct summary.

Signature of Parent(s)/Guardian(s) ____________________________ Date _____________
EMERGENCY CLOSINGS

The superintendent is empowered to close the district schools, delay the opening, or to dismiss students early in the event of hazardous conditions, including weather, which threaten the safety of students.

In making the decision to close schools, either the superintendent or his/her designee shall consider many factors, including the following:

1) The availability of parent(s)/guardian(s) to receive the student at home in the event schools should be dismissed early.
2) The health and safety of students remaining in a school environment.
3) Weather conditions, both existing and predicted.
4) Driving and traffic conditions affecting public and private transportation facilities.
5) Continuance or discontinuance of the operations of business, commercial and professional people in the area.

Facts will be assembled from the appropriate agencies and organizations before any decisions are made. For example, the Highway Department, Police Department, Weather Bureau, transportation companies and other governmental agencies, as needed, will be called.

Following the decision, communications will begin for the total notification of the students and staff. Either the superintendent or his/her designee shall notify the public media. Employees should listen to broadcasts beginning at 6:00 o'clock a.m. Any employee who is doubtful about reporting should contact his/her immediate supervisor.

Delayed School Plan

When it appears likely that weather and/or street conditions will improve later in the morning, a “delayed school opening” announcement may be made to the public. Employees shall make an effort to report to their assignment at the regular starting time.

“A” Schedule (One hour delay in all school starting times):

All schools will begin one hour later than normal starting times and dismiss at regular time.

“B” Schedule (Two hour delay in all school starting times):

All schools will begin two hours later than normal starting times and dismiss at regular time.
EMERGENCY CLOSINGS – Continued

Early Dismissal School Plan

When a sudden, unanticipated emergency condition, including weather alert, arises after school has commenced, and it is deemed appropriate to close schools and offices, the following actions will be followed:

1) The media will be called and the public will be informed of the decision.
2) Schools will be dismissed with dismissal time arranged to parallel the arrival of buses. No staff member may leave his/her assignment until all students have left the building (unless authorized to do so by the principal).
3) Elementary students can be released to the custody of their parent/guardian or another designated adult.

Staff Assignments

The superintendent is responsible for the effective operation of the school district at all times. Under Education Law, Sections 1711 and 3012, the superintendent is empowered to require certain groups of employees to work while other employees are not required to work because the absence of students reduces the productivity of these employees.

When schools are officially closed for students due to inclement weather or other emergency conditions:

1) In general, school-based personnel will not report with the exception of the building plant operators, custodians, maintenance, and janitorial staff, as per negotiated agreement.
2) The Superintendent of Buildings and Grounds, the transportation supervisor and the superintendent will report to work, along with other designated employees.
3) Principals will remain responsible for security of their schools and for seeing that the building and grounds are made as ready as possible for school on the next scheduled day.

Parent/Guardian Notifications

Principals have the responsibility to urge parents/guardians to make plans for the emergency supervision of their children should an all-day closing, a delayed opening, or an early closing of school be necessary.

Radio announcements or telephone trees may be used to notify staff members. In the event it becomes necessary to brief parents/guardians regarding incidents, which could include violent actions, notification centers will be established. The intent of the centers will be to discuss current information.

B
HISTORY: Add, L 1978, ch 640, § 3, eff Apr 1, 1979
CROSS REFERENCES: This article referred to in §§ 20, 21; CLS Unconsol ch 131 § 20.

§ 20. Natural and man-made disasters; policy; definitions
1. It shall be the policy of the state that:
   a. local government and emergency service organizations continue their essential role as the first line of defense in times of disaster, and that the state provide appropriate supportive services to the extent necessary;
   b. local chief executives take an active and personal role in the development and implementation of disaster preparedness programs and be vested with authority and responsibility in order to insure the success of such programs;
   c. state and local natural disaster and emergency response functions be coordinated in order to bring the fullest protection and benefit to the people;
   d. state resources be organized and prepared for immediate effective response to disasters which are beyond the capability of local governments and emergency service organizations; and
   e. state and local plans, organizational arrangements, and response capability required to execute the provisions of this article shall at all times be the most effective that current circumstances and existing resources allow.
2. As used in this article the following terms shall have the following meanings:
   a. “disaster” means occurrence or imminent threat of wide spread or severe damage, injury, or loss of life or property resulting from any natural or man-made causes, including, but not limited to, fire, flood, earthquake, hurricane, tornado, high water, landslide, mudslide, wind, storm, wave action, volcanic activity, epidemic, air contamination, blight, drought, infestation, explosion, radiological accident or water contamination.
   b. “state disaster emergency” means a period beginning with a declaration by the governor that a disaster exists and ending upon the termination thereof.
   c. “municipality” means a public corporation as defined in subdivision one of section sixty-six of the general construction law and a special district as defined in subdivision sixteen of section one hundred two of the real property tax law.
   d. “commission” means the disaster preparedness commission created pursuant to section twenty-one of this article.
   e. “emergency services organization” means a public or private agency, organization or group organized and functioning for the purpose of providing fire, medical, ambulance, rescue, housing, food or other services directed toward relieving human suffering, injury or loss of life or damage to property as a result of an emergency, including non-profit and governmentally-supported organizations, but excluding governmental agencies.
   f. “chief executive” means:
      (1) a county executive or manager of a county;
      (2) in a county not having a county executive or manager, the chairman or other presiding officer of the county legislative body;
      (3) a mayor of a city or village, except where a city or village has a manager, it shall mean such manager; and
      (4) a supervisor of a town, except where a town has a manager, it shall mean such manager.
C. IN THE EVENT OF AN EMERGENCY WITHIN THE SUPERVISORY DISTRICT TERRITORIAL LIMITS, THE SUPERINTENDENT, OR DESIGNEE, OF THE KENMORE-TONAWANDA UNION FREE SCHOOL DISTRICT WILL:

1) Act as the chief communication liaison for the non-public Educational agencies listed on the following pages

2) Contact the Erie 1 BOCES District Superintendent

3) Offer resources that are available.
SECTION 5000: PREVENTION AND INTERVENTION STRATEGIES

A. Policies and procedures related to school building security, including, where appropriate, the use of school safety officers and/or security devices or procedures

- District Safety Measures

B. Procedures for the dissemination of informative materials regarding the early detection of potentially violent behaviors, including, but not limited to:

- Code of Conduct (document)
- Visitors to School
- Crisis Response

C. Appropriate prevention and intervention strategies such as:

- Attendance
- Class Attendance
- School Bus Safety Program
- Collaborative agreements with local law enforcement officials (Memorandum)

D. Strategies for improving communication among students and between students and staff and reporting of potentially violent incidents, such as the establishment of:

- Youth-run programs,
- Peer mediation,
- Conflict resolution,
- Creating a forum or designating a mentor for students concerned with bullying or violence,
- Establishing anonymous reporting mechanisms for school violence, and
- Others based on district need

E. Description of duties, hiring and screening process, and required training of hall monitors and other school safety personnel.
District Safety Measures

The Kenmore-Tonawanda Union Free School District has initiated a district-wide system issuing identification badges to all staff and to the Board of Education, visitors, student teachers, junior participants, mentors, parent volunteers and Parent Teacher Association.

**Elementary Level**

In addition to the ID badges worn by all staff and visitors to the building, signs have been posted throughout the building for visitors to report to the office.

Staff members are extremely vigilant and if someone is in the building without a badge, staff will escort the person to the office.

All doors are locked except one door and the handicapped access. Many of the doors are equipped with a buzzer into the main office.

Both at arrival and dismissal all support staff, including principal and program supervisors, are in the hallways. Aides are posted at central doors.

Staff has been provided with information on what to do in the event of an emergency, including evacuation of the school and relocation to a neighboring area.

**Middle School Level**

All staff members are required to wear identification badges. All visitors are issued identification badges. Visitors must report to the office and are issued temporary passes. Staff are vigilant in monitoring the halls for anyone not wearing a pass. All doors are locked except for one main door.

During arrival and dismissal time, all staff are in the hallways.

Staff have practiced evacuation drills and possible relocation to a neighboring area.
High School Level

Identification badges are issued to all staff members. There is a visitor sign-in sheet and visitors’ passes for anyone entering the building. All but two main doors are locked. There are staff members with walkie-talkies assigned to monitor the doors during the day. Also, high schools have and enforce a Zero Tolerance Policy toward violence.

Future District-Wide Security Projects:

- Proximity readers and cameras
- Cameras to be installed at main entrance and ADA entrance
- All doors will have indicator lights that will indicate when doors are open/closed. Panel in main office to monitor when door is opened.
MEMORANDUM OF UNDERSTANDING

Between the

TOWN OF TONAWANDA POLICE DEPARTMENT

AND

KENMORE-TONAWANDA UNION FREE SCHOOL DISTRICT
MEMORANDUM OF UNDERSTANDING BETWEEN THE
TOWN OF TONAWANDA POLICE DEPARTMENT AND
THE KENMORE-TONAWANDA UNION FREE SCHOOL DISTRICT

PROJECT “SAVE” (Safe Schools Against Violence in Education)

While violence isn’t the only safety issue schools face, the past decade has witnessed numerous acts of tragic violence in schools in all parts of the nation. Since 1992, twenty-two schools throughout the country have experienced multiple victim homicides. In the last three years alone, nine acts of violence on school grounds have resulted in the deaths of twenty-five students and four teachers, and the wounding of another seventy-two students and three school employees. These senseless acts of violence have occurred in urban, suburban and rural communities where people previously believed that such an incident could not happen in their schools. Fortunately, no school in New York State has been the site of the types of horrific violence that have occurred in other schools throughout the nation.

New York State schools, however, are not free of the types of violent student behavior and student victimization that seriously impede the educational progress of students. The 1999 Youth Risk Behavior Survey (YRBS), conducted by the Centers for Disease Control and Prevention, was administered to a representative sample of students throughout New York State high schools. The survey results document the continued presence of safety concerns on the part of many students. Students being threatened bodily harm by beating or with a weapon on school property, bringing weapons to school for protection and students not attending school due to concern for their safety were reported in the survey.

The “SAVE” legislation requires school districts to work collaboratively with local law enforcement agencies to develop strategies that will create an environment that will be conducive to the learning and teaching process.
GENERAL STATEMENT

The Town of Tonawanda Police Department and the Board of Education for the Kenmore-Tonawanda Union Free School District recognize that the abuse of alcohol and other drugs and the threat to personal safety are societal problems and the remediation of these problems must begin at the community level. These two groups pledge to adopt a formal “Memorandum of Understanding” that will outline for both the rights and responsibilities each will assume to affect positive change.

Both parties agree that as we ask school personnel to take a more active role in observing the behavior of students and to make decisions about the appropriateness of that behavior, that the role of students, teachers, staff and the law enforcement officials involved must be clearly understood.

PROCEDURE

Any student or school district employee will immediately report any of the aforementioned noncompliance of the school district “Drug Free Policy” and “Gun Free Policy” directly to the Building administrator. The Building Administrator shall have authority to take appropriate action immediately and will notify the Superintendent as soon as is reasonably possible.

MEMORANDUM OF UNDERSTANDING

The Kenmore-Tonawanda Union Free School District and the Town of Tonawanda Police Department agree to work collaboratively in developing a “Memorandum of Understanding” that addresses the following:

1) The types of incidents that require notification of the police department.
2) The expectations of the students, counselors, teachers and administrators regarding the discovery of alcohol and other drugs, or weapons in school, on school grounds or at school sponsored activities.
3) The notification process necessary when a student is found in possession of alcohol, illegal drugs or dangerous weapons.
4) The procedures outlining the actions of law enforcement officers when contraband is turned over to them by school officials.
5) The procedures by which students and parents will be notified of the adoption of this Memorandum of Understanding.
POLICE DEPARTMENT ACTION

1) The Chief of Police agrees that any officer responding to the school shall act responsibly to ensure that a trusting relationship is fostered with all school personnel.
2) The police will respond to any call relating to violations of the law as soon as is reasonably possible.
3) If a student is arrested, notification of parent/guardian will follow the District “Code of Conduct” policy.
4) In instances where the removal of the student is essential to insure the safety of himself/herself or others, the police will do so immediately and work with the school district to contact the parent/guardian as soon as is reasonably possible.
5) The police will remove any confiscated illegal drugs, drug paraphernalia or dangerous weapons in possession of the school administration.
6) The police will cooperate with the school to ensure that the education process is not disrupted whenever possible.
7) A designated officer will be appointed to serve on the district “Building Level SAVE Team. (Liaison)
8) School Administration will be notified by the police regarding incidents that were reported but not by school administration.
9) All police personnel will receive a copy of the procedures

ACTIONS OF SCHOOL PERSONNEL

1) The school district will have a procedure in place that will be used to report incidents of abuse, possession of alcohol or drugs, drug paraphernalia and dangerous weapons to school administration.
2) All school personnel will receive a copy of the procedure.
3) The Building Administrator/Designee is authorized to call the police liaison to report any illegal activity or need for assistance.

WHAT SHOULD BE REPORTED TO THE SCHOOL ADMINISTRATOR

1) Possession of alcohol by a minor.
2) Possession of illegal drugs or misuse of over the counter drugs.
3) The possession of drug paraphernalia.
4) Students suspected, found, or admitting to being under the influence of alcohol or other drugs in school or at school sponsored activities.
5) The possession of any firearm or other illegal weapon on school property or at school sponsored activities.
6) Any time there is a threat of severe bodily harm or homicide to anyone on school property or at school sponsored events.
WHAT SHOULD BE REPORTED TO THE POLICE

1) Possession of alcohol by a minor aged 16-20 years old.
2) Possession of illegal drugs to include inhalants, marijuana, cocaine, crack, heroin, LSD, PCP, amphetamines, all steroids and designer drugs.
3) Any student in possession of or under the influence of alcohol or other drugs for whom a parent or immediate family member cannot be contacted.
4) Intoxication of any student that is deemed to be a behavior or safety problem to school personnel or other students or school property.
5) Possession of drug paraphernalia as described in the penal law.
6) Possession of illegal weapons.
7) Where there is a threat of bodily harm or homicide to anyone on school property or school sponsored events, the individual threatened may elect to file a formal complaint with the police department.

D. STRATEGIES FOR IMPROVING COMMUNICATION AMONG STUDENTS AND STAFF, AND REPORTING POTENTIALLY VIOLENT INCIDENTS

The Kenmore-Tonawanda Union Free School District recognizes the importance of good communication among students and between students and staff and encourages the school community to strive for improvement at all times. Sharing information is the first line of defense in keeping our schools safe. It is vital that our students understand that reporting information about potential problems is a way of preventing harm to another. Reporting concerns that may impact on the safety and health of others is the responsibility of the entire Kenmore-Tonawanda Union Free School District community.

Short-term and long-term strategies to bettering communication and preventing violence in our schools include:

- Set clear expectations for students, and communicate these standards to students, staff and parents
- Pay attention to what students are saying
- Peer listening and mediation
- Develop identification and reporting procedures to record students who show signs and symptoms of violent behavior
- Encourage communication among parents, students, staff and community members about any concerns to appropriate resource people in schools and communities
- Foster collaboration among school, home and community for peaceable schools
- Train staff to listen and question effectively
Elementary School Strategies

- Staff study of “Teaching Children to Get Along” by Lee Carter
- Use of the 40 Assets- focus on “Boundaries”, Asset Building
- Social Studies curriculum focuses on kindness, caring and understanding of all people
- Friendship Pays
- “Kids on the Block” puppet shows centering on awareness and tolerance of others
- Trained staff in C.C.R.C.-Children’s Creative Response to Conflict
- Use of the “Ruby Payne Intergenerational Poverty” staff development program
- School behavioral expectations
- Assemblies on non-violence

Middle School Strategies

- Peer Mediation Programs
- C.C.R.C.- Children’s Creative Response to Conflict
- Conflict Resolution training for all 6th grade students and staff
- Respect Themes for each month

E. DESCRIPTION OF DUTIES, HIRING AND SCREENING PROCESS, REQUIRED TRAINING OF HALL MONITORS AND OTHER SCHOOL SAFETY PERSONNEL.

The process of establishing the duties for hall monitors and other school safety personnel shall rely on past practice, or be completed by civil service with consultation of the Kenmore-Tonawanda Union Free School District, or shall be determined by the Kenmore-Tonawanda Union Free School District pursuant to applicable Federal, State, County and Municipal guidance. (Example found in appendix)

The process of hiring hall monitors and/or school safety personnel will follow applicable Federal, State, County and Municipal laws & Guidelines. The qualifications for such positions will be established by civil service when applicable or by the Board of Education. On or after July 1st, 2001, all newly hired school personnel will be required to submit two sets of fingerprints for the purpose of background checks, consistent with the S.A.V.E. Legislation of 2000.

If the Kenmore-Tonawanda Union Free School District uses the service of a contractual security company, the district should verify with the Department of State’s License Bureau to ensure that the prospective contractor is an authorized employer in good standing.

If the Kenmore-Tonawanda Union Free School District, a public (exempt) entity, employs at least one security guard, then the district is subject to the Security Guard Act of 1992 (General Business Law § 89-f (5), (7)). Any public entity employing a security guard must ensure that the security guard is registered with the NYS Department of State. The Department of State will only register applicants who have satisfied the requirements established by the Secretary. Registration for a security guard is effective two years. No school district shall knowingly employ a person as a security guard unless: the school district has verified with the Department (State) that such person possess a valid registration card which has not expired or been revoked; or Such school district has filed
E. DESCRIPTION OF DUTIES, HIRING AND SCREENING PROCESS, REQUIRED TRAINING OF HALL MONITORS AND OTHER SCHOOL SAFETY PERSONNEL - CONTINUED

with the Department (State) in a manner prescribed by rules and regulations promulgated by the Department. (Duties of a security guard and requirements and of a NYS Security Guard License are included in the appendix) A district employing a security guard must provide proof of self insurance or liability insurance coverage to the Department of State in the Amount of $100,000 per occurrence and $300,000 in the aggregate (General Business Law § 89-g (6)). A licensed security guard in New York State must undergo an Investigation. Within five business days after the receipt of an application the department (state) shall transmit to the division (DCJS) two sets of fingerprints and the fee required pursuant to paragraph (b) of subdivision ten of section eighty-nine-h of Gen. Bus. Law and cause to be conducted a search of state files to ascertain whether the applicant has been charged with or convicted of a serious offense and may cause to be conducted an investigation to verify the information contained in the application provided. Under section 89-o of the General Business Law, the secretary of state is empowered to adopt rules and regulation implementing the provisions of this article. Such rules and regulations shall include criteria for determining whether a person is a security guard or whether a particular function is a security guard function as defined by subdivision six of section 89 –f of this article.
DISTINGUISHING FEATURES OF THE CLASS: The work involves performing non-teaching duties in overseeing student activities during regular school session and after hours in a suburban school district. This work of ordinary difficulty, involving responsibility of assisting teachers and administrators by performing assigned routine tasks, including the supervision and care of children. The incumbent must be firm, but courteous and congenial in exercising their influence on students. Since there are definite limits in the type and complexities of assignments, the class of school monitor differs in that respect from teacher aide, which usually involves duties of greater difficulty, generally requiring specific skills or abilities. Work is performed under the direct supervision of a principal, teacher or school administrator. Does related work as required.

TYPICAL WORK ACTIVITIES:
Assists in supervising recreation and lunch periods and study halls;
Guides children safety across streets and intersections;
Maintains order in gymnasiums, locker rooms, swimming pools, and assigned areas before and after school; Oversees students passing between classes and in locker rooms and on premises before and after school;
Issues athletic supplies and equipment when required;
Helps children in lower grades with wearing apparel;
May assist in arraigning and ordering films, projectors, VCR. and other learning aides as required;
May be assigned to assist bus drivers with pupils boarding, riding and leaving school busses.

FULL PERFORMANCE KNOWLEDGES, SKILLS, ABILITIES AND PERSONAL CHARACTERISTICS:
Ability to establish good relationships and get along well with children, and command their respect; ability to maintain order and to enforce school regulations with firmness; ability to get along with teachers, administrators, and others; ability to understand and follow oral and written instructions; good power of observation; dependability; neat personal appearance; tact; courtesy; good judgement; physical condition commensurate with the demands of the position.
Job Description – Monitor - Continued

MINIMUM QUALIFICATIONS:
A. Graduation from high school or possession of a high school equivalency diploma; or four (4) years experience in the care and supervision of children; or
B. An equivalent combination of training and experience as defined by the limits of (A.) and (B.)

NOTE: Verifiable part-time and or volunteer experience will be pro-rated toward meeting full-time experience requirements

NOTE: A person assigned to this position does not have the authority to direct traffic. This is the function of a police officer only.
Job Description – Security Guard
Provided by the NYS Department of State

Description
A security guard is defined as a person employed within New York State, other than active police officers and federally regulated personnel, to principally perform one or more of the following duties without performing the functions of a private investigator.

- Protection of individuals and/or property from harm, theft or other unlawful activity;
- Deterrence, observation, detection and/or reporting of incidents in order to prevent any unlawful or unauthorized activity including but not limited to unlawful or unauthorized intrusion or entry, larceny, vandalism, abuse, arson or trespass on property;
- Street patrol service;
- Response to but not installation or service of a security system alarm installed and/or used to prevent or detect unauthorized intrusion, robbery, burglary, theft, pilferage and other losses and/or to maintain security of protected premises.

Registration Requirements
An applicant must file an application with the New York State Department of State's Division of Licensing Services in order to become registered as a security guard. In addition, the applicant must meet the following requirements:

- Complete a minimum of 8 hours of pre-assignment training
- Not have been convicted of a serious offense
- Be of good moral character and fitness
- Not have been discharged from a correctional/law enforcement agency for incompetence or misconduct

Individuals that meet these qualifications, and those indicated below will be issued a photographic ID card signifying that they are authorized to perform security guard functions. Since these ID cards are made by the Department of Motor Vehicles (DMV) using the image on file in their office from the individual's NYS Driver's License or Non-Driver ID card, applicants must provide their 9-digit DMV ID number where requested on their Security Guard application. Once their Security Guard application is approved for registration, the applicant's name and DMV number are sent to DMV to have an ID card made. The Department of Motor Vehicles will mail the ID card to the applicant's residence address on file with the Department of State.
Job Description – Security Guard - Continued

Age
Must be at least 18 years of age.

Training
Security guards are required to complete training programs administered by the Division of Criminal Justice Services, Bureau for Municipal Police. Those courses are:

8 hours pre-assignment training
16-hour on the job training (must be completed within 90 days of employment)
8 hours of annual in service
47-hour firearms course for security guards who carry a firearm
Holders of a special armed guard registration card must complete an additional 8-hour in service training course annually.

Fees
$36 - 2-year registration
$50 - Fingerprint fee payable to Division of Criminal Justice Services with original application
$25 - Renewal fee, every 2 years
