

## Take a Moment for a Final

# Look Back

One special quality of our world is that all ups have downs, all blacks have whites and all beginnings have ends. Those qualities apply to school as well.

Once we all timidly stepped through the school's doors for the first time. Now we are confidently ready to leave, closing the school doors behind us, only to open new doors — doors to the future.

Senior year, just like the rest of the world, has its grim opposite in that all happiness has sadness. As we move on to grasp the newer parts of our lives, we must continue to hold onto the memories from our past, for if we don't it meant nothing — **we** meant nothing.

Years from now, we will retrace our path and step through these doors again, writing another chapter to the story of our lives. The faces of our friends, visages we engraved in our memories, will have changed. Our friends will have changed. Perhaps the ones we thought would hardly have a path to guide them, did. Perhaps those whose paths were clear and level, stumbled and fell along the way.

Only the passage of the years will show us which direction was really up, and which down. That is why we hold onto this dear life while we turn the page to the next chapter. We must hold onto 'ninety-four forever.'

Recycling will play an important role in all our futures. As president of the Wilderness Club, Katie Gilbert makes sure that bins of paper are collected for recycling every Tuesday and Thursday.

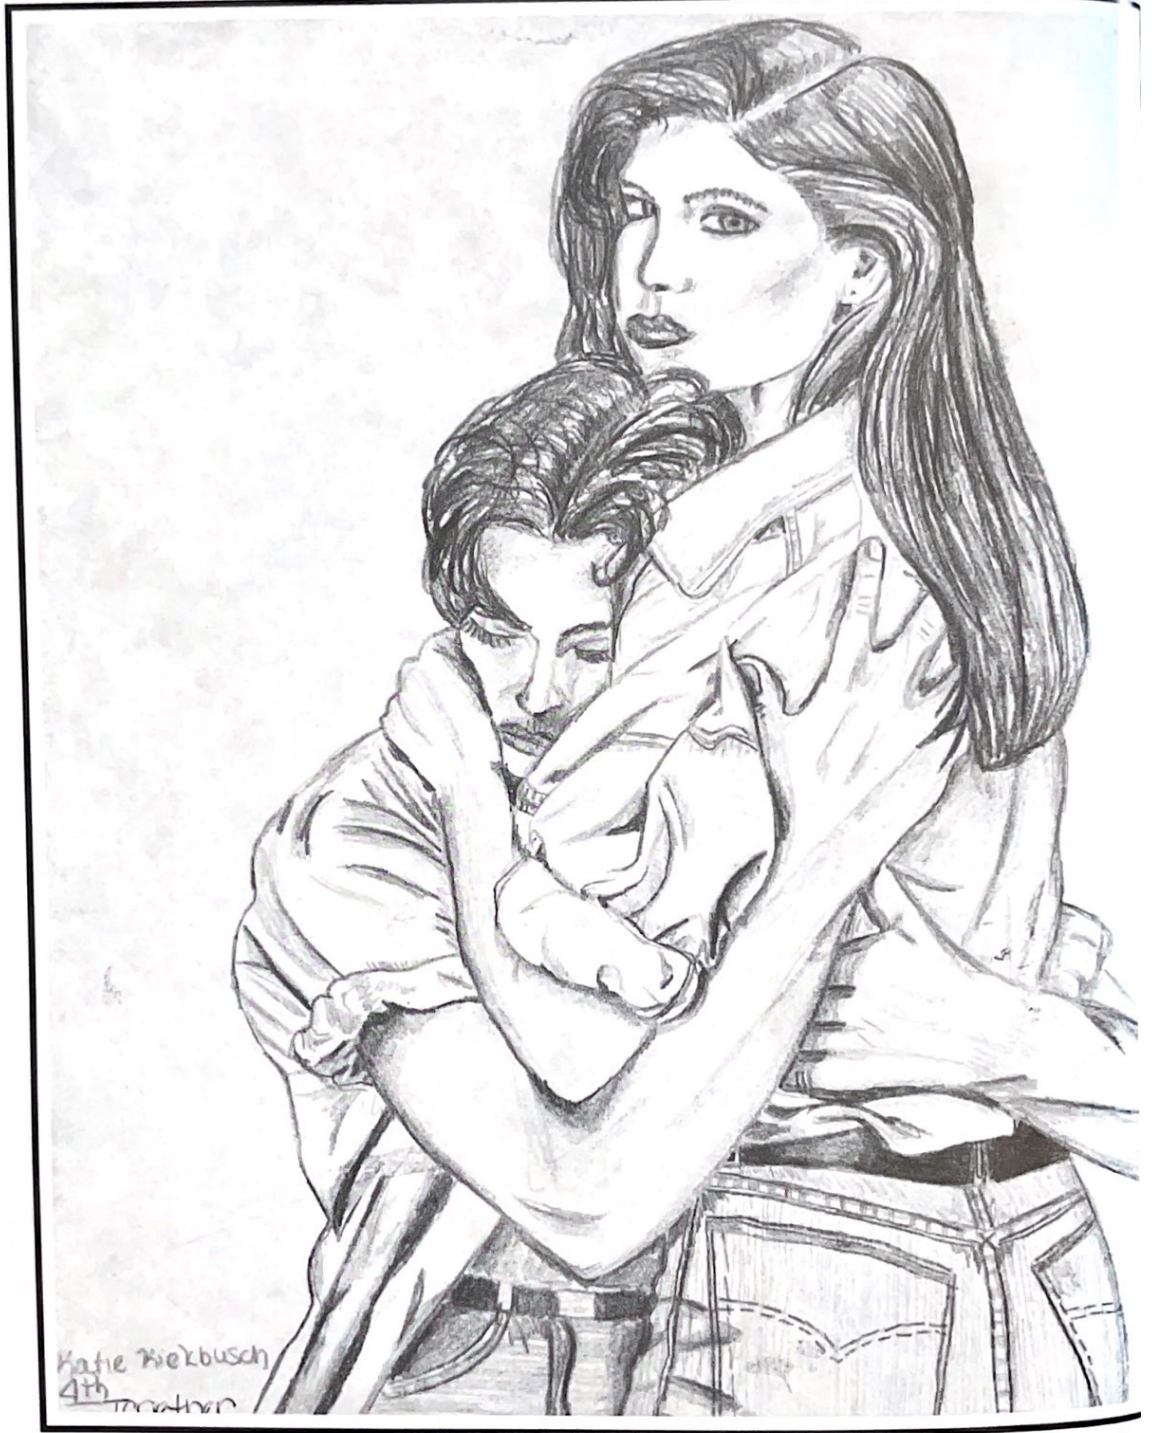

Brushing up on their dancing lessons, Mark Milley and Todd Strzelczyk play around in the Arts wing of the school.

### Students Strived for Victory

From football to golf there are sports that could satisfy everyone's desires. Whether your ambitions were to be a star point guard or swim the strongest butterfly, opportunities could be found around every corner. And if competing wasn't your "cup of tea," you may have been a loyal fan or a loud cheerer! Friendships, injuries, victories, and defeats were all part of the circle of sports that will continue to push students to achieve their goals forever.

## Memories Hit Home

W.B.C.

When silence arose,  
when we could cry no more,  
that day you left our lives  
I remember how you touched my heart.  
The stubbornness of your ways  
meant a lot of things.  
It was then I knew  
that you were strong,  
and that you lived life how you wanted.  
"You make a lifetime out of every day."  
I remember how you used to talk,  
laughing and giggling  
about the upcoming trip.  
But now that you're gone,  
I can only wonder  
how things could've been.  
Now, to you, I dedicate my season,  
in memory of the "Wild Man"  
that we will all remember.

I'll never forget you, Bill!

## "Outdoor" Holds its Own

Under the guidance of Coaches Bertsch and Brunger, last year's Girl's Track team had another great season. Leading the girls were captains Dona Croker, Cathy Bero, and Kari Selak.

The season was set off by an 81-51 victory over Ken West, and by triple-jumper Billie Jean Croker and shot-putter Michelle Dick who set new school records.

Joining last year's team were several eighth graders from Hoover Middle school, all of whom were fine assets to the team's winning power.

Following in their foot-

steps, the Boys Track team won its first two meets in three years. Orchestrated by Head Coach Martin Madore, the boys were able to overthrow Amherst and Lewport.

The team's 4 x 800 meter relay team -- Erin English, Alex Wood, Steve Bugyi, and Steve Sharpe -- led the team

by winning every race. Eric Kachermeyer reached new limits in the long jump, while Tom Jefferys set records in the two mile race.

## Captain Shows Dedication

Along with co-captain Jill Marquis, senior Carrie Frey informed players of schedules, announced the roster, and planned the annual tennis banquet. In addition, she was a solid tennis player.

This was a tough year for Carrie, however. She had an operation on her heels in early summer which kept her from any physical activity for two months.

Since tennis plays a big part in Carrie's life, this was a difficult time for her.

Toward the end of August, Carrie returned to play for the Kenmore East girls' tennis team. She had high hopes for a successful season but was unable to run around the court as quickly as before.

Last year Carrie experienced great success playing doubles by achieving a 12-4 record. This year Carrie came back to second singles. She averaged two to three hours on the court per game.

"This season has proved to be a lot more challenging than Carrie first thought."

This season has proved to be a lot more challenging than Carrie had first thought. She admits that for a time she became quite frustrated.

Luckily her confidence was renewed with a win against Lockport.

To date, Carrie has had a very good tennis career. She has been playing tennis for ten years, five of which were for the KE tennis team coached by Mr. David Coates.

A desire to win. Is that the strategy for this year's varsity football team, or is it their commitment to work? According to one of the team's four captains and one of the coaches, it's a little of both.

Justin Curcio, starting quarterback and cornerback, believed that the amount of preparation and the

changed coaching style has led to the improvement of the team as a whole.

Sean Campas said, "The team is young, but they have to keep their heads up no matter what, because it doesn't take the best players to win, it takes big hearts." As tailback and linebacker, Sean felt that they have a sense of winning and that they can keep building on it.

Left guard Chris DeCarolis said the entire offensive line has improved greatly this year, making it hard to determine who has improved the most since last season.

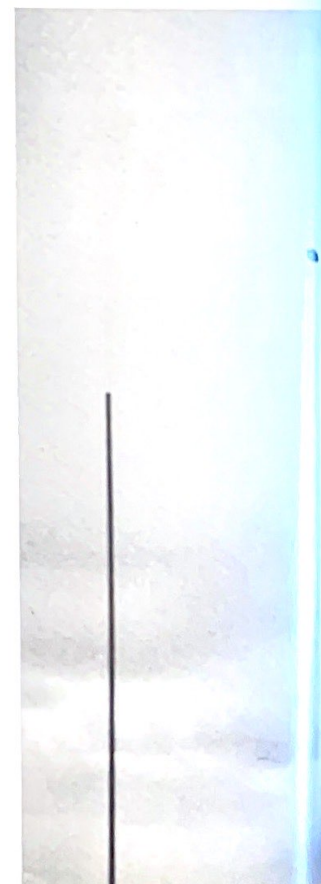

Dave Idzik, as safety and tight end, said this year's team has a great sense of unity. He said the team improved since the beginning of last season.

Coach Voss said the team played well; that the players were competitive and intelligent.

This year's varsity football team has many fine qualities. That just goes to prove that big boys do have, as Sean Campas said, big hearts.

*It was a dark and windy day.* The Boys' Varsity Soccer team needed a win to receive a berth in the Section VI Class B-1 playoffs. Coach Richard White had constantly reminded his players of this whenever and wherever he saw them. But the time had finally arrived. The opponent: the Tonawanda Warriors.

*The game started slowly.* Neither team could dominate play. Suddenly, a Tonawanda player broke across the Kenmore East goal box. In desperation, *Ken-East defenders valiantly dove at the ball.* The out-of-position referee stopped the play and gave Tonawanda a penalty shot. Livid, Coach White screamed one of his famous comments: "60 Yards! How could you make that call from 60 yards away!" Unfortunately, the referee still gave Tonawanda the shot and consequently they scored, to take the lead 1-0.

*But the lead was not to last.* Just fifteen minutes later, Tony Capizzi scored off an assist from Miah Hicks to tie the score at one. The teams jostled back and forth, but no one scored and *the half ended with the score still tied.*

At halftime, Coach White continued to remind his players of the importance of the game and that *it was still anyone's game.* However, it was unnecessary. The players knew the importance and were not going to let the game slip away.

The second half started as slowly as the first. *Neither team could get a good chance to score.* Then, with 20 minutes played, Justin Chappell scored a terrific goal, assisted by Mike Ferreri, sending the team and their fans into joyous relief. *East continued to dominate the half,* using the momentum that was caused by Chappell's tally. Capizzi scored twice more after Chappell's goal to make the final score 4-1.

The game ended quickly after Capizzi's third goal. Kenmore players and their fans counted down the last ten seconds of the game and *Coach White smiled.* His players had given him a very early Christmas present — another chance to compete for the Class B-1 crown.

Other highlights of the season included defeating Churchville-Chili in the Brockport Tournament, where they finished second. They also defeated Williamsville South, scoring in the last ten seconds of overtime. East closed the regular season by defeating Lockport and North Tonawanda, two top ten ranked teams in the sectionals, the Bulldogs beat West Seneca West and Huch-Tech convincingly before losing to a strong Williamsville South team in the sectional semifinals. *East's final record was 13-7,* which placed them third in the Niagara Frontier League and ranked 7th in Western New York.

## Varsity Girls Make it Big

This year's Kenmore East Girl's Varsity Soccer team enjoyed the most successful season in the history of the school. The team made it all the way to the semifinals of Class B, and then lost by only one goal. The offense was led by Kelly Hilliman, scoring 18 goals and P.J. McTigue, with 9 goals. They were backed by strong midfielders led Christine Zimmerman and Heidi Rosenhahn. Halfbacks Lori Lick, Laura Cummings and Heather Wagner also put forth great effort.

The defense was also effective, led by goal keeper Janelle Bardol who recorded eight shutouts. Strong defensive ef-

forts were displayed throughout the season by Gabby Bero, Kelly Bubar, Heather Kurtz, Lida Paszkowsky and Larissa West.

"Strong Defensive efforts were displayed throughout the season ..."

Led by captains Lida Paszkowsky, Janelle Bardol, and P.J. McTigue, the team has an overall record of 12-6, with a league record of 9-2. The team finished in second place in the Niagara Frontier League. Five members of the team were named NFL All-Stars: Janelle Bardol and Kelly Hilliman to the first team; P.J. ## X-Country strides to victory

Contrary to common belief, Cross Country is one of the most demanding sports. A runner cannot rely on other team members to perform well; you have to have determination and a "never-say-die" attitude; if you have a bad day the rest of the team does too.

Capturing that attitude, this year's boys' Cross Country team led by captains — Tom Jefferys and Joe Mecca — finished their season with a 5-5 record. Running well this season were Matthew Wood, Matthew Etu, Chris Young, Jason Couvutsakis, and newcomers Keith Truesdale and Robert Scarpello.

Unfortunately, this year's girls' team didn't have the boys' luck. Having had to cope with a young, inexperienced group, they finished their season with a 3-7 record. Leading the girls to victory were captain Cary Girod, Megan Meyl, and Tammy Dombrowski.

Cross-Country takes determination, style, and a little insanity to be able to go the distance, and this year's team brought out all the qualities of a good Cross-Country team.

The Kenmore East Seadogs had a great season this year, at one point being ranked 10th in Western New York.

The squad was led by senior Kevin Kirwan and five returning juniors. The Seadogs capped off the first half of the season with a phenomenal victory over the Lew-Port Powercats. Grossly outnumbered and lacking divers, the Seadogs overcame adversity to upset the Powercats 49 to 45. The team was once again led by Ken Hal-

liwell's individual victories. Jon McCreedy added two wins and Ryan O'Donnell paired his first place swim

with senior Dave Rodger's win in the butterfly. The Seadogs took the victory in the deciding, final relay.

Coach Lee Herbst commented that an exceptional effort was put forth by all the swimmers, particularly JV star Vince Buccitelli, who was undefeated.

## Varsity Overcomes Adversity

The Boys' Varsity Volleyball team had a great season although the team is young and their best player, Andy Murdie, was found to be ineligible midway through the season to participate in high school sports for the first semester. This forced the "Bulldog Spikers" to forfeit their five wins, one of which was a league win which would cost them the Niagara Frontier League crown later in the year. After a lackluster but winning performance in their next match, the Spikers pulled together to win nine of the last twelve games, including a 3-game trouncing of rival Kenmore West at West.

This prosperity can be attributed to key performances from starters, and solid performances by a few secondary players. Mike Gerfin played stellar volleyball in back row and as an undersized middle-hitter. Captain Brian Cryst and hitters Tom Belden and Joe Worrall showed powerful hitting displays to help carry the team to sectionals.

Sophomore Kevin Juliano won a five-one as setter and set consistently well throughout the year. Off the bench for Kenmore East, Dan Palermo would fill in wherever needed, often as a back player or setter. Towards the end of the season, and especially in the Spikers' sectional qualified win against Maryvale, seniors Tom Franklin and Jason Joseph showed their backing talents by slowing down the Maryvale attack. The win against Maryvale was the first post-season win in a number of years. The

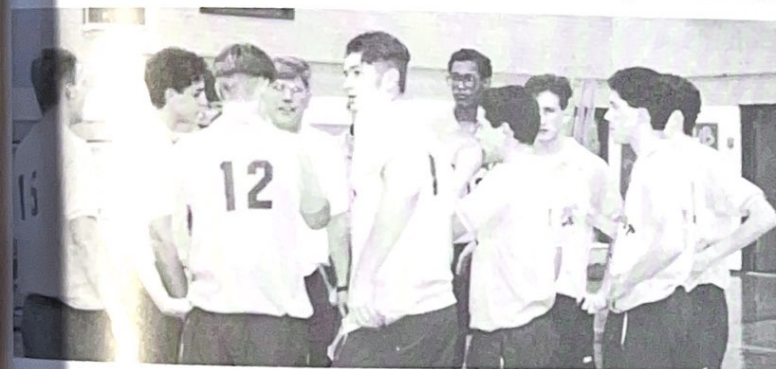

rest of the bench, Rich Tice, Chris and Sean Tracey, saw limited playing time and hope to make an impact next year.

In the final game of the season against Eden in the sectional semifinals, the Bulldogs battled valiantly but lost to a superior team which had four All-Western New York players.

## A Winning Tradition

The Kenmore East Boys' Varsity Basketball team continued their winning tradition this season, finishing with a 16-7 record. Led by All-Niagara-Frontier-League forward, Scott Karstedt's 21 points and 8 rebounds per game, the Bulldogs made it to the Section VI, Class B-1 semifinals.

The Bulldogs began the season with five straight victories before they fell to the Powercats of Niagara Falls. The mid-season was a rollercoaster for the team as it went 5-3 against good Niagara Frontier League competition. Shrugging off the mid-season struggle, the Bulldogs finished the regular season with 4 wins and 1 loss.

In the Section VI playoffs,

the Bulldogs first opponent was Bennett. The Bulldogs easily handled their opponent, led by Scott Karstedt with 21 points, Sean Campas with 15 points, and Dave

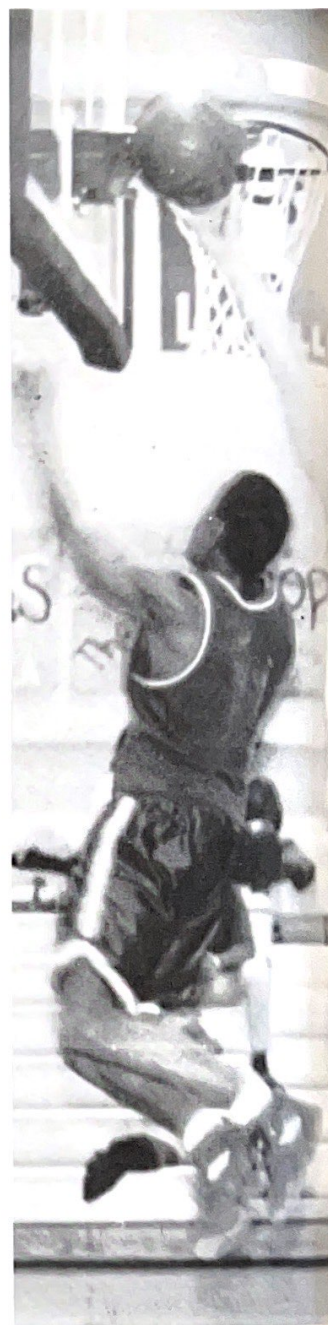

Idzik with 10 points. Next, the team faced the high scoring Billies of Williamsville South. Thanks to strong crowd support, Scott Karstedt's 37 points, and a strong game by all team members, the Bulldogs rolled to a

94-73 victory. Finally the spectacular season came to an end against a strong Depew team at the Niagara Falls Convention Center.

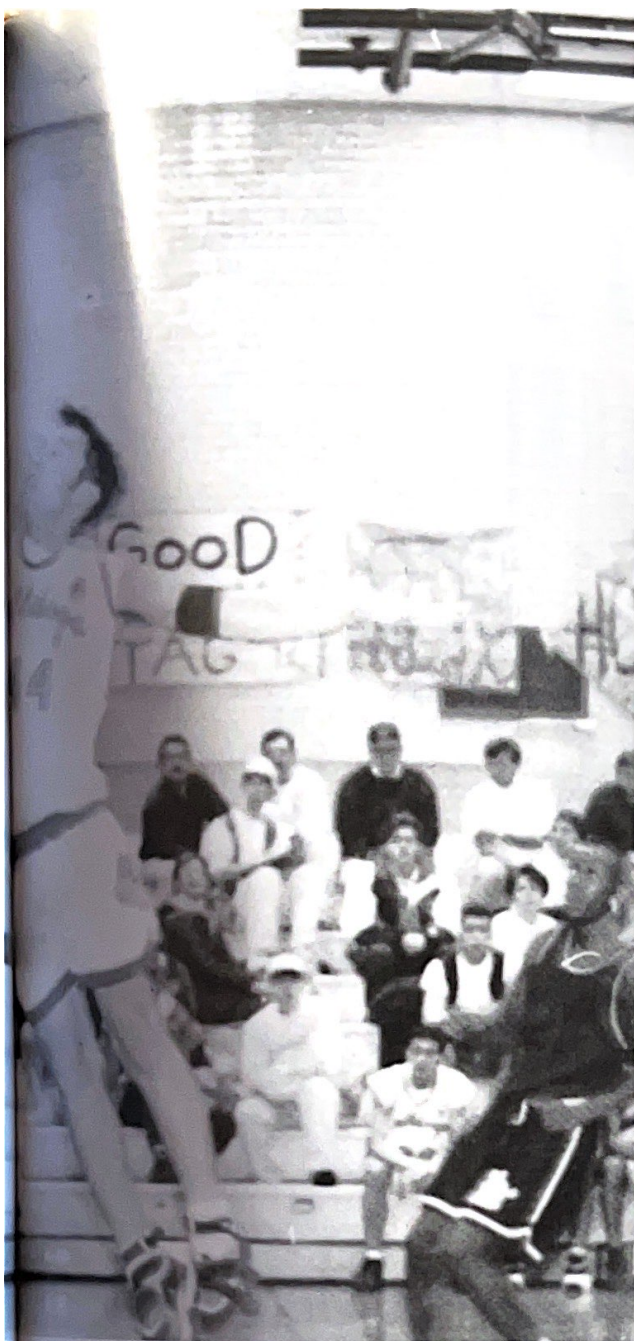

The upcoming JV and returning Varsity players plan to continue Coach Matteson's winning tradition.

## JV Hurt by Injuries

The Boys' JV Basketball team finished a successful season with a record of 10 wins and 10 losses. It was a difficult season for the JV Bulldogs as injuries hurt their efficiency. Freshman guard Reggie Whatley sat out the whole season while 6'4" center Jeff Morris missed 9 games due to injury. The team was led by co-captains Adam Perry and Peter Lakso, as well as center/forward Brian Warren. Warren av-

eraged 13 points and 11 rebounds per game, while Lakso and Perry averaged 7 points and 2 steals apiece. Other strong contributors were Kevin Kelly, Kevin Juliano, Eric Bond, and freshman Tim Hedges. The team was hard working and hopes to carry that over to next year to contribute on the Varsity level.

## Striving for Perfection

"Perfection before progression!" During the warm summer, the Varsity and JV cheerleaders attended a NCA Cheerleading camp in Toronto as the only representatives of the US. It was there that they learned this important phrase that stuck with them for both seasons.

Many people don't understand the difficulty, responsibility, and dedication that is involved in cheerleading, which the cheerleaders affectionately call "Rah." Long hours were spent over the summer and throughout the school year practicing cheers and stunts.

Between football and basketball season the Varsity squad practiced every day for three to four hours for competition. Their hard

work paid off as they placed second in the annual UB competition.

Though cheerleading wasn't officially funded as a sport as was hoped, all the

girls still consider it one. Starting from a "half extension" then "1 — 2 — down up" to a "whole — Liberty — and then catch from high" isn't as easy as it sounds. Timing and technique are the two most important fundamentals of cheerleading.

The Kenmore East Rifle Team which is young has developed very well this past year. Rifle consists of three positions — prone, offhand, and kneeling — and each target can be worth up to 100 points each. The sport of Rifle is more mental than physical. The team was well coached by coach D'Ambrosio.

Even though losing to other teams, many personal and team goals were attained. Three of the top six shooters are freshmen

which is a big achievement. Amanda, the top shooter, has led the team strongly by shooting in the high 260's all season and had a high score of 283. The team has also broken many records including an all-time high of 1149 which is a new school record. Leading behind Amanda are Tracy

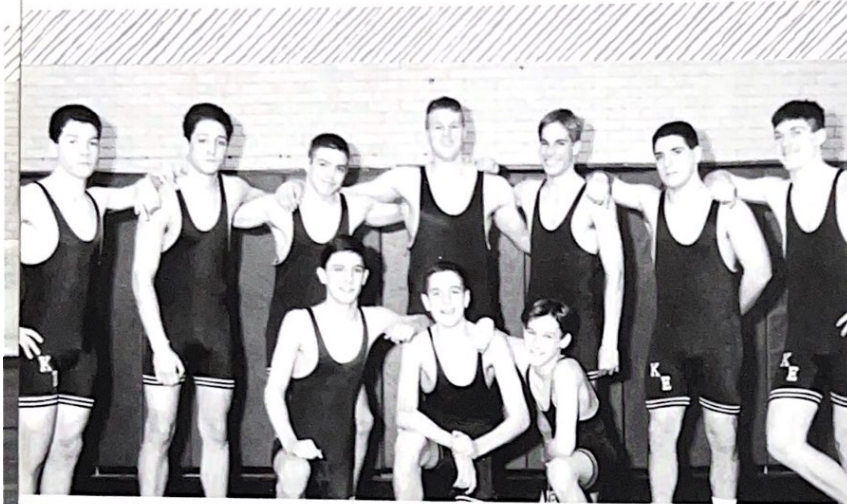

Hicks, and Jim Perrin. The team has strong and unique talent which is progressing toward excellence.

## Wrestlers Strive for Excellence in Tough N.F.L.

This year's varsity wrestling team got off to a very good start with victories over Niagara Falls, St. Joe's and O'Hara.

Since wrestling is an endurance sport (as the shirts many wrestlers wear say) with no timeouts and no substitutions, the wrestler can only depend on himself. The team captain is Greg Johel, who believes that many of the wrestlers have a chance to reach sections.

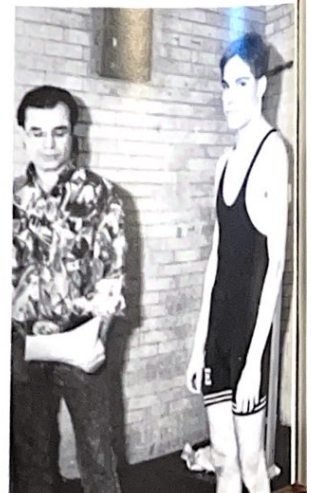

Coached by Mr. Skip Pine, the team consists of 10 wrestlers: Chris Stella in the 91-

98 weight class; Jason Kumm in the 105; Eric Guzzetta in the 119; John Ingle in the 132; Rob Scarpello in the 138; Greg Johel in the 145; Chuck Guzzetta in the 155; Brian Banas in the 167; Mike DeLuca in the 177; and Jeff Stanley in the 215.

# Forever Busy

## Getting Involved

As soon as we entered the doors to our freshmen orientation, we were bombarded with speeches from people we didn't know. What these speeches basically boiled down to was the single phrase "Get involved." Now, being the naive ninth graders we were, we took that advice to heart and signed up for whatever club sounded interesting.

We soon found out what "getting involved" really means! It means not getting home for dinner some nights and spending your allowance at Gino's. It means sacrificing valuable "hang" time — be it at the mall, watching afternoon cartoons, or on the phone — for the various meetings and obligations you have made. It also means meeting new and different people and becoming close friends with many of them. It means having a great time with your new found friends.

This section is dedicated to all those Ken-East students who are forever busy.

## NHS Has Productive Year

National Honor Society is traditionally a busy organization, and this year has been no exception. This year's group, 37 seniors, under the supervision of advisors Gerald Marcusen and Michael Stock, worked hard to maintain the organization's service-oriented image.

Each member of NHS is required to perform a minimum of 15 hours of community service, plus 6 periods of tutoring. This year, the tutoring program, managed by NHS vice-president Theresa Diebold, was appreciated by many students who needed extra help. Service projects included answering phones at WNET (channel 17), judging art for the Reflections program at Thomas Edison Elementary, a food drive, Join the Winners Night, and the Second Annual Intergenerational Dance (in conjunction with the Town of Tonawanda Senior Citizen Center). Other activities included the new member induction, an All-WNY NHS Walk-a-Thon, a college trip, and a Sabres' game.

# 'Into the Woods'

The cast and crew worked hard to bring together the most challenging musical ever to the Kenmore East stage. "Into the Woods" is a conglomeration of many fairy tale characters. The story revolves around the Baker and his Wife, played by newcomer Ron Clifford and the experienced Jennifer Duerr. They wish to have a child, but can't because of an evil witch's spell. The Witch is portrayed by stage veteran Lisa Sproveri. During the Baker and his Wife's crusade into the woods to find the items that will remove the spell, they run into such characters as Little Red Ridinghood, the Wolf, and Cinderella. These roles were depicted by Monica Burgio, Josh Rubin, and Jennifer Blasiak.

Not just the cast is enough to make this musical work. The behind-the-scenes people are the key to success, and we had the best. Lighting and sound crew chiefs were Jim Pritchard and Dave Jordan. Other top positions were held by student director William Hamilton, stage manager Kristopher Ide, make-up crew chief Larissa West, house management Kim Fox, wardrobe crew chief Dawn Roberts, and publicity crew chiefs Corrie Byers and Carolyn Girod. Also, the show would never be a success without the direction of Mr. Cranston and Mr. Doyle.

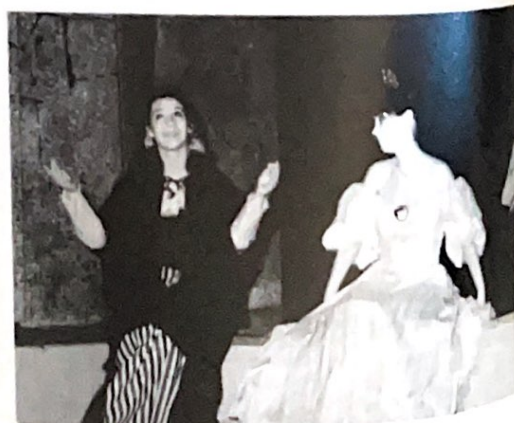

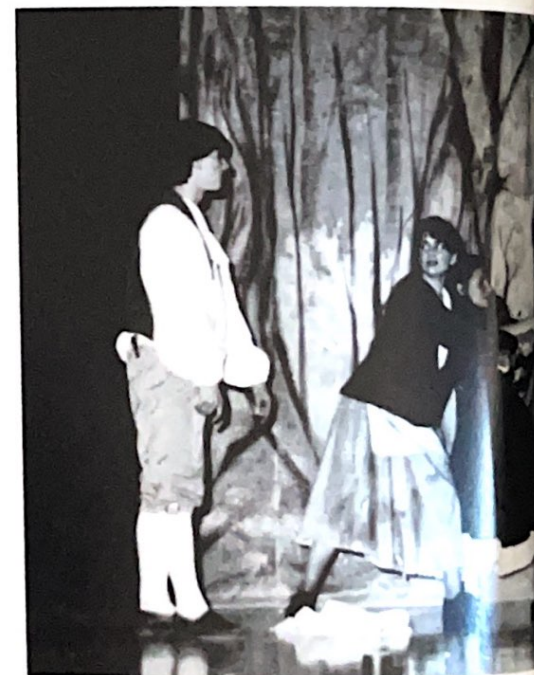

Lisa Sproveri

Played by Lisa Sproveri, the Witch warns the rest of the group of the foreboding giant.

The Baker (Ron Clifford), Cinderella (Jennifer Blasiak), Little Red (Monica Burgio), and the Witch play tug-of-war with Jack (Dave Kachermeyer).

Without a terrifically talented orchestra, what would a musical be?

The Baker's Wife (Jennifer Duerr) and Cinderella gossip about everyday things such as princes, balls, and slippers as pure as gold.

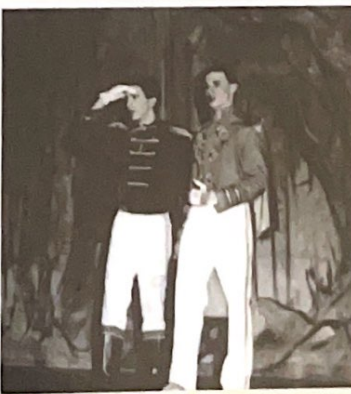

**In the wake of the Giant's destruction,** Cinderella calls on her feathered friends for help while Jack, Little Red, and the Baker look on in amazement.  
**With his Sprites in tow,** the Mysterious Man (Trenton Wolford) adds a bit of intrigue to the story.  
**Thanks to the technical crew,** "Into the Woods" was a success. Among those who dedicated much of their time to the musical were Jim Pritchard and Dave Jordan.

**Stage manager for the musical,** Kristopher Ide joined the stage crew in their hard work behind the scenes.  
**Played by Mark Milley and Todd Strzelczyk,** the flirtatious and somewhat egotistical princes ponder over their many dilemmas concerning women.  
**Without the Narrator (Stephanie Kokinos)** to tell the story, the helpless characters wouldn't have known what to do.

# Touch of Class

## Sport of the Arts

The Touch of Class Color Guard consisted of nineteen girls dedicated to seeing the guard become the best it could be. This year, the show was set to a letter written by Emily Dickinson and the song "Reaching Out" by Kate Bush. The nineteen girls were split into sections of dancers, rifles, sabres, and banners. Touch of Class attended regionals in Montreal, Philadelphia, Cleveland, and Brockport.

The Theater Arts Society is an organization that honors those students who enjoy performing and are involved in the school's drama department. The president, vice president, and secretary are elected in the beginning of the year and serve as officers of both Theater Arts and Drama Club. The group sponsors various productions and is financially responsible for the all-school play and musical.

At the end of the year, a banquet is held to induct new members and give out awards. Best actor, best actress, best supporting role, and best staff member are just some of the honors received. Theater Arts also gives out scholarships to individuals who are planning to study for careers related to theater. In order to become a member, one must be involved in some way with at least three Kenmore East productions.

Working together to learn

In Science Club, we all work together to help with recycling, and go on science trips. With the club, we are going on a Whale Watch in Brewster, Mass. this May. We are planning to visit a quartz quarry and a Pilgrim town. Also, people in the club worked together in a science competition and at an environmental conference. We have learned many things together.

# FRENCH EXCHANGE

Been there; Done that . . .

This year the Kenmore East French Exchange travelled to Lille and Paris, France. Eleven of Kenmore East's French-speaking students and two students from Kenmore West accompanied Miss Benzin and Mrs. Clarke. The exchange students stayed with French families in Lille for twelve days and attended classes at a school called L'Institut Colbent. In Paris we visited the Eiffel tower and many other beautiful and interesting places. We also travelled to Brussels, Belgium, for a day. The exchange students from Lille visited us in May. The experience of learning a foreign culture will stay with us for years to come.

Parle Vous? These Ken-East Students Do.

The French Club at Kenmore East provides an opportunity for students to learn about French traditions and customs in a more relaxed setting than that of a normal French class. The club has enjoyed a prosperous year under the leadership of president Lori Idzik and vice-president Karen Burgstahler. A main focus of the club this year was preparing for the spring French exchange. Many members participated in a fund raiser to help French 4 students earn money for their trip to France. In addition to that, the club organized a party for visiting French students. Another activity of the French club this year was sponsoring "Christmas Family." For a few weeks before winter break, food was collected and then given to a needy family from Kenmore East.

## "A Tracy Original"

Good Luck Worm — We Love You!

Dad, Babett & Baba

On to Kenmore East you went with a smile  
To get an education, at least for awhile.  
The 4 years went fast  
and now you're done.  
It's on to real life,  
my darling young son.

Love, Mom & Dad

Friends from Little League to Varsity

Thanks for letting us share it with you.

We're so proud of you  
in all that you have done.

Love always, your parents

Congratulations to our  
Most Precious "Jewel!"

We wouldn't trade you  
for the world.

We tip our hats to you  
and wish you the  
best of everything  
— Always

Love,  
Mom & Dad

April,  
Having you as a daughter  
is one of the most  
important things in  
my life. I've watched  
you grow from  
my little peanut into  
your own special person,  
bringing your own touch  
to everything you do.  
I am so proud of you.  
Congratulations Honey.  
I Love You,  
Mom

We are very  
proud of you
