By: Paul Montella

Life...
What is life?
On this Earth
We are set to live
But what is to live for
fun, fear, work,
Relaxment, sleep
Pulse by Pulse
Our lives are lived out
Drugs, Alcohol, Torment
Death, Life,
Nobody really lives,
Nobody really Dies, What is
life...?

Hanagran -

First of all - I hate having to sign on these damn glossy pages. But seriously, I think that you care one of the best teachers, and no I cannot bring up anything, But let that be because you care about your students I mean, you know every teacher does, but in you, it's just real. Also, you tend to call of real people, not just "somebodies", because of this it makes everyone love you. It's definitely been a pleasure being in your class the past 4 years, and don't even change the way you are. Thank you for all your help and advice.

B - Amette

Hanagran - wow... it's really been a crazy 4 years. You came in with us and you should be leaving with us, getting married? me. I honestly can say I don't know if I could have made it through these 4 years without you. Regardless of the fact that you weren't my teacher in 10th & 11th grade you still were always there for me. It's crazy because I've never had a teacher like you. I'm so lucky to have had you. I never believed anyone let alone a teacher could ever impact my life so much. I don't know if you even know it but even just your presence around me makes one of my bad days better. I wouldn't have been able to make it through this year with out you Hanagran. I'm so thankful for everything you've done for me & continue to do. You've made my years here memorable. I've never had a teacher that I had so many laughs and good times with. We even have inside jokes. The way you are & the way you teach is one of a kind. You are & always will be my favorite teacher. My freshman year I probably made you want to quit. But thank you for helping me grow you Hanagran. You're the only person I'm going to miss @ east. Thank you again for all the love & support that past 2 years. I'll never forget you. You're one in a lifetime. "I love u Hanagran."

Forever & Forever,
