The background of the page is a photograph of a sunset or sunrise. The sun is a bright, glowing orb in the upper left, casting a warm, golden light across the sky and reflecting on the water below. The sky is filled with soft, wispy clouds. In the lower right, a city skyline is visible, with several buildings illuminated by warm lights, suggesting dusk. The overall mood is serene and hopeful.

Credits

There are many people that have helped us this year...some new and many old. To the seniors in both design classes: Thank you for your efforts. A special thank you to the following: TJ Rogers who came up big with ideas and great pages time and time again...without complaint or hesitation. Chris Buckland and all those behind the scenes at TRANSCONTINENTAL PRINTING did a great job answering questions, offering suggestions and solving conundrums...thanks you guys!!!

To the faculty and staff: Thanks for your support and time in helping us get photos taken. Pat Delaney, as usual, was always there when needed...recovering lost files, covering classes when we got double and triple booked, calming frayed nerves and laughing at us when we did stupid things.

Thank you Ms. Carr!

This is Ms. Denise Carr's last year with the Spectrum. She becomes an unrestricted free agent at the end of this school year and her son Gus is offering her a contract that we cannot match as we are at the salary cap. Ms. Carr has been an advisor, creator and tireless proponent for this publication since the 2000-2001 edition. It is widely acknowledged throughout our national public education system that yearbook advisors generally only last for two to three years before they go mad, develop twitches that elude not only diagnosis but cure, or simply say "OK...I'm done!" Thankfully, Ms. Carr chose the latter. She lasted almost three times longer than the national average (Sounds like a bad advertisement for some sham of a product, doesn't it?). She often muttered under her breath that working with Mr. Hanagan and the pressures of the monolith known as "making a yearbook" was second only to drugless childbirth with regards to agonizing experiences.... Real Good Ms. Carr, real good.
