## End of Year District Profile

Frank Spagnolo

Director, Office of Accountability

June 13, 2023

# School Profile Highlights

**The School District Profile is one of many tools used by school administrators to share with their community stakeholder groups some relevant information about their school and they use information in the profile, along with other data and information provided by the Office of Data and Accountability, the Office of Curriculum and Instruction and Data provided by several Third Party Instructional Vendors to inform their Annual School Improvement plans.**

## **Some Data Contained in the Individual School Profiles Includes:**

- ~ Student enrollment and demographic information
- ~ Staff demographic information
- ~ Student Academic Achievement
- ~ Graduation Rates
- ~ Stakeholder feedback (including students, parents, staff) on school culture and safety
  - Satchel Pulse Data - new this year*
- ~ Student attendance information
- ~ Student Behavior details
